# News From the Officers

Summer is here! For some of you, this is the time of year when you aren't trialing, thinking about what you can do to improve your dogs for the fall season, planning hunting trips, and soaking up some much needed sunshine. For a few others, this is the time of year when you are trialing and enjoying the break in your weather. Whether you are a summer trialer or taking a break from it, we hope you are making plans to enhance your next trialing season. Speaking of plans, the fall trial schedules are posted in this issue of the magazine. More will be added as the year progresses so don't forget to check out our website at [nstra.org](http://nstra.org).

## ELECTIONS:

Fall elections are coming up. Watch for your ballots to come in the mail sometime around the end of August or first of September. Remember to make sure and mail them so they are postmarked no later than September 30.

## TRIAL REPORTS!\*\*TRIAL REPORTS!\*\*TRIAL REPORTS:

All trial reports are to be turned in within 10 days of the trial! Delays in turning them in cause problems determining championship points and huge delays in printing the magazine. If you are having problems or questions on your trial reports, please call the office. They can help you.

## ENDURANCE & DOG OF THE YEAR:

The entry forms for both trials are posted in this issue. Please watch your deadline dates as they come up fast. Please make sure and complete the entry forms and fax, e-mail or mail them with your payment information in plenty of time. Both trials are a lot of fun and you get to meet the best people.

We are looking forward to a great fall trialing season. Help out a neighboring region; get a group together and travel to a trial in another region. Great experiences and a way to see how others do it.

Happy Trialing!

## IMPORTANT NEWS AND INFORMATION FOR MEMBERS

### Mentor Program

In order to expand our outreach and assistance to new members coming in to our sport, a mentor program was initiated to allow seasoned trialers to help and instruct new members beginning their trialing career. This program allows a new member to have an experienced member to accompany them in the field to instruct them in handling their dog.

1. Mentor or mentors must be determined and trial chairman notified prior to the start of the trial. More than one may need to be determined in case one of the mentors falls into a back to back situation.
2. Mentor may not be used if the requested mentor has the following brace on the same field.
3. Requesting member is allowed the use of a mentor a total of 8 times. This must be tracked at the Region Level.
4. Mentor program is to be limited to weekend level trials only, no Region Eliminations or National Trials allowed.
5. Mentor may also be the designated gunner.
6. In no case will there be more than 6 people in the field during any brace.

If you have any questions, please contact the National Officer in charge of your region.

### Handler Changes

An application to rule 8.10 was added:

Application: The handler drawn to run the dog must be the handler to actually run the dog if they are present at the trial. Substitutions can only be made in the case of illness or emergency subject to approval of the field marshal.

## BOOMER DOESN'T MIND AS LONG AS YOU DON'T!

Dear Boomer,

My bird dog, Jack Daniels, likes to drink from the toilet bowl. I read in the newspaper that some toilet bowls are cleaner than the salad bar at some restaurants. Is there anything wrong with letting Jack drink from the toilet bowl?

Signed, Clean Gene

Dear Clean,

*That depends, my friend, on whose health you're guarding. I personally don't see a down side to refreshing myself from a toilet bowl now and then, but I don't make it a habit as one never knows where you humans have been.*

*When I work or train, I often pick up poison ivy, poison oak, poison sumac, ticks, fleas, and juice from road kill on my fur. My fur touches the toilet bowl when I drink. Long story short, if you don't mind, I don't mind.*

Signed, Boomer

# TICK-BORNE DISEASES ARE A GROWING THREAT TO BIRD DOGS

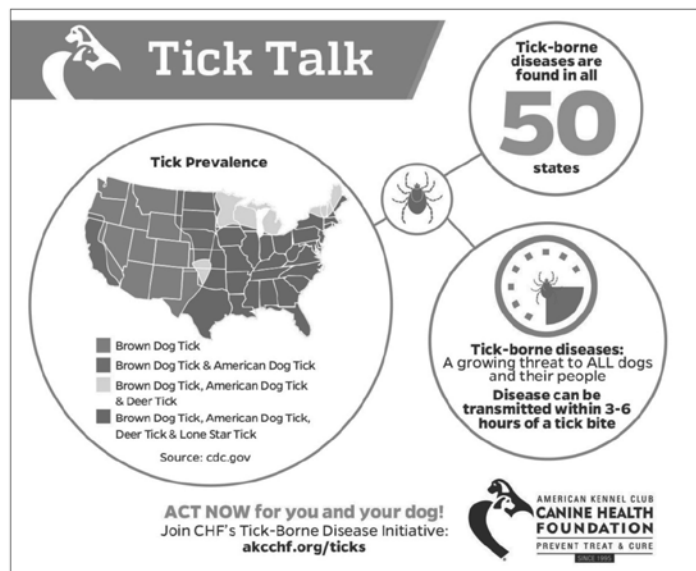

Breeder-owner-handler Scott Townsend, who trains German Shorthaired Pointers to compete in NSTRA trials at his Crosswind Kennel in Maybee, Michigan, knows from experience the threat of quickly transmitted tick-borne diseases. In 2003, Townsend was running 5XNSTRA CH Harrison's Blue Rocket, who was highly ranked on the NSTRA circuit. Shortly after a trial one spring day, Townsend noticed a significant gait change in the then-6-year-old male called "Rocket."

"All of a sudden, Rocket went from running 20 miles to not being able to run 100 yards," Townsend recalls. "He had a painful, short, choppy stride."

Townsend took Rocket to his local veterinarian. After blood testing, Rocket was diagnosed with Lyme disease. Antibiotics cleared up Rocket's infection, but Townsend could tell the dog's gait was still off. Nearly 10 months later, despite Rocket getting a tick vaccination, the infection flared up again, causing Rocket to go through another round of antibiotic treatment. Townsend decided to retire the dog.

"Rocket lived until age 11, but the disease changed his gait forever," says Townsend. "It ruined a promising dog who had much of his career ahead of him."

Ed Breitschwerdt, DVM, DACVIM, professor of medicine and infectious diseases at North Carolina State University,

The AKC Canine Health Foundation has launched the Tick-Borne Disease Initiative to raise funding for research to advance the diagnostics, preventives and therapeutics of tick-transmitted diseases. The American Kennel Club is matching donations received in 2016 up to \$250,000. Purina and the AKC Canine Health Foundation are longtime partners in helping to advance canine health research so that dogs may live long, healthy lives.

advises, "The most important factor that will impact tick prevalence in 2016 will be rainfall. Ticks like moist, warm environments."

The changing global ecology noted by an ongoing pattern of unseasonably warm temperatures has contributed to the year-round presence of ticks. Hardworking bird dogs could be at high-exposure risk due to the spreading geographical distribution of ticks. A growing threat to dogs and people, some tick-borne diseases can be transmitted as quickly as three to six hours after a bite.

The threat of tick-borne diseases has prompted many veterinarians to screen dogs annually for infections, similar to what has been done for decades for mosquito-transmitted heartworm disease. Blood testing detects the presence

## Common Tick-Borne Diseases in Dogs

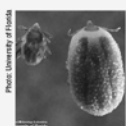

Disease	Tick Carrier	Pathogen	Signs
Anaplasmosis	Deer tick & Western black-legged tick (Found throughout the U.S.)	<i>Anaplasma phagocytophilum</i> , <i>Anaplasma platys</i>	Loss of appetite, lethargy, lameness, neck pain ( <i>A. phagocytophilum</i> ). Bruising on the gums & belly, nosebleeds ( <i>A. platys</i> ).
Babesiosis	Brown dog tick ( <i>B. vogeli</i> ). <i>B. gibsoni</i> & other spp. can be transmitted when an infected dog bites an uninfected dog. (Found throughout the U.S.)	<i>Babesia gibsoni</i> , <i>Babesia vogeli</i>	Anemia, pale gums, weakness, anorexia, vomiting, loss of appetite, weight loss.
Bartonellosis	Ticks & fleas may be vectors in dogs, though little is known about its transmission (Found throughout the U.S.)	<i>Bartonella henselae</i> , <i>Bartonella vinsonii berkhoffii</i>	Intermittent fever, lameness, anemia, heart or liver disease, among other signs.
Ehrlichiosis	Brown dog tick, lone star tick (Highest prevalence in Southwest & Gulf Coast but also can be found as far north as Massachusetts and as far west as Oklahoma and Kansas)	<i>Ehrlichia canis</i> , <i>Ehrlichia ewingii</i> , <i>Ehrlichia chaffeensis</i>	Depression, lack of energy, loss of appetite, runny eyes, nose discharge, nosebleeds, bruising on gums & belly, lameness, joint pain.
Hemotropic Mycoplasmosis (Haemoplasmosis)	Ticks & fleas that feed on an infected animal, though little is known about its transmission (Found throughout the U.S.)	<i>Mycoplasma haemocanis</i>	Depression, loss of appetite, weight loss, fever. Can cause death in severe cases.
Hepatozoonosis	Gulf Coast tick ( <i>H. americanum</i> ), brown dog tick ( <i>H. canis</i> ). Both types are transmitted when a dog eats an infected tick. (Found in the eastern & mid-south regions of the U.S.)	<i>Hepatozoon americanum</i> , <i>Hepatozoon canis</i>	Fever, depression, general pain, loss of muscle mass with chronic weight loss, eye discharge, & can be fatal ( <i>H. americanum</i> ). Loss of appetite, weight loss, lethargy ( <i>H. canis</i> ).
Lyme Disease	Deer tick, Western black-legged tick (Found throughout the U.S.)	<i>Borrelia burgdorferi</i>	Arthritic joint pain, lameness, lack of appetite, fatigue. Kidney damage may occur & can be fatal. Heart & neurological disease, though rare, may mimic other conditions.
Rocky Mountain Spotted Fever	American dog tick, lone star tick (American dog tick is found throughout the central and eastern parts of the U.S. & the lone star tick is common in the South)	<i>Rickettsia rickettsii</i>	Acute fever, depression, arthritis-like stiffness, vomiting, diarrhea, lack of appetite, neurological abnormalities. Can be fatal.

of antibody, which is one product of the dog's immune response against a pathogen.

Molecular diagnostics, or polymerase chain reaction (PCR) testing, detects the nucleic acid, or DNA, of the organism itself. Although PCR testing was once limited to university diagnostic and research laboratories, it is now readily available through several large commercial diagnostic laboratories.

Veterinarian Jeff Schuett, DVM, DABVP, of Pewaukee, Wisconsin, routinely tests dogs seen in his practice for exposure to Lyme disease, anaplasmosis and ehrlichiosis, common tick-transmitted diseases in southeastern Wisconsin. If he suspects a dog may have an infection, he will screen for additional diseases.

"We have been monitoring these diseases for 10 years and have found that 5.5 percent of the dogs tested have been exposed to these diseases," says Dr. Schuett. "Lyme disease and anaplasmosis make up 5 percent. The rest are due to transmission of *Ehrlichia muris*, or a closely related organism, which was recently discovered to infect dogs and humans in Minnesota and Wisconsin with ehrlichiosis. The testing

is very accurate and allows us to determine earlier whether a dog has been infected and to begin treatment."

"Tick preventives reduce tick-borne disease transmission by either repelling ticks that go on to die or by rapidly killing ticks that have attached to the dog," says Dr. Breitschwerdt. "The type of product and how the product is used to protect a dog varies based on factors including exposure risk, frequency of swimming or bathing, and, most importantly, owner compliance in using the product as directed."

To prevent tick-borne illnesses, Townsend thoroughly goes over dogs immediately following a trial, as well as the day after, checking for ticks. He also regularly uses monthly tick preventives.

The concurrent use of an oral or topical preventive with a collar having proven efficacy provides additional assurance of protection for hardworking bird dogs. Two new products are the Soresto® eight-month flea and tick collar and the Bravecto® three-month flea and tick pill. Veterinarians are the best source as to what product or combination of products is best for an individual dog. ■

# 2016 TRIAL OF CHAMPIONS

Spring showers and storms were on the horizon as the 2016 Trial of Champions got under way on April 28, 2016. The only prerequisite for participating in the TOC trial is that each dog must be a Champion by Feb. 1 or qualifying as a paid bye dog having earned a championship by March 1. The Championship criteria is 18 points per dog and 9 of those points being 1st place point. Scott Townsend along with the co-chairman, Jim Marks, met with trial officials on Wednesday morning; everyone first being served biscuits and gravy by the Conservation Birddog Club. Boundaries and safety areas were discussed and Scott made field assignments before the American Flag was raised and the National Anthem played to start the trial. Judges for A field were John Griffiths and Martin Ueltschey. Alan Anderson served as field marshal with Ariel Alvarez handling birds for both fields. This was Ariel's first championship trial to work, and he did an exceptional job. B field judges were Curt Beckley and Mark Griffiths with Ryan Potter the marshal duties. Besides Ariel and Ryan (first timer and great job), all other officials were seasoned judges and marshals and were well up to the job ahead. Storms had gathered the evening before dumping an abundance of rain on the club grounds, but the first brace was on the field by 8 a.m., quite sloppy but underway nonetheless. We would take the top 16 dogs from each field on Wednesday and Thursday, bringing back 64 dogs on Friday running two fields. The running follows:

Immediately following the trial, the computer draw was held and posted. Those dogs that did not make Wednesday or Thursday's cut were invited to run in the Red Haw Supply Consolation Trial which would be held in the C field on Friday. After the dogs from the Championship Trial who chose to participate, we would take entries from any

other dogs until we numbered 24 dogs in the trial. Bev McAdams and Sarah Moore had graciously volunteered to judge with Jim Thomas as marshal and Ohio Member, Tytuss Rudd willingly donating his time as bird handler. Our thanks to all these people for their time in making Scott Townsend's consolation trial a reality and huge success.

The 3 finalists were presented an embroidered duffel bag from Dion Bliss with Red Haw Supply. They were: 1st – Zeke/Rod Howard; 2nd – Tut/Bob Cunningham/ 3rd – TC – Jimmy Kirkman; 4th – Bitsy/Nathan Tekell

The annual TOC banquet was held in the clubhouse with Jugg's Catering once again serving their infamous fried catfish and chicken with fried biscuits and apple butter. Everyone looks forward to this meal each Spring and Fall. The invocation was given by Marilyn Cunningham and immediately following the meal, the awards ceremony began. Chad and Scott presented the trophies for Wednesday and Thursday's running. Chad also recognized sponsors, with Red Haw's Dion Bliss the only sponsor representative in attendance. Mike Witt with Purina and Todd Bellam from UKC had been in attendance until Thursday evening but both had prior commitments and were unable to attend the banquet. Chad thanked our sponsors and then announced those past presidents in attendance, Ron Robertson, Jim Mahoney and Bob Cunningham. Earlier in the day other past presidents in attendance were Butch Jackson, Ed Rader, and Tom Burks. The highlight of the evening was the presentation of the 2015 painting, by Ross Young. Last year's winner was Tomoka's Smokin Gun owned by Jim Kirkman and Greg Wood. Jim's wife, Melissa was also in attendance for the presentation. As always, Ross does a superb job with these portraits and our thanks goes out to Ross again for another exceptional job. Chad then introduced the National Officers along with office personnel, Julie Herwehe and Emily Perkins. Scott announced that field cleaners would be needed for Friday morning.

We awoke to another drizzly day and a touch of early fog. Judges would change fields with marshals remaining in their same fields. From Friday's running we would take 12 dogs to run Saturday's morning braces with 6 braces on each of 2 fields.

The weather did not cooperate during the week and Saturday was no exception. While it was ok for the dogs, it was uncomfortable for handlers and trial officials. However, no one complained and at 4 p.m. the final brace was called to the line by judges John and Martin with Alan as marshal. The fence had been opened between A and B fields by Jim Marks and all was ready for the final hour. Chad/Sadie and Adam/Nose had been briefed on the boundaries and safety areas prior to the start of the brace. It was a close final hour, and at the end of the brace we were unsure of the scores until the totals had been tallied. In the end, Sadie bested Nose in scores 834 points to 783.5.

The 4th and 5th place finishers were awarded trophies and a 38# bag of Pro Plan. The fourth place dog was Power's Easy Money, English Setter Male, from Mohawk's Tuff Stuff and Boomer's Kate owned by Bob Power from the Mo-Kan Region. Money had been consistent in each of his runs and consistency is what it takes to advance to the final six placements. Super job to Bob and Money.

The 5th place finisher had also been consistent during the week and was only 1 point shy of tying for 4th runner-up. Heaton's Illinois Storm is a 5 year old English Setter Female, from Norman's Tekoa Storm and Master Mohawk Kate. Stormy is owned and handled by Dale Heaton, Lone Star Region. Dale and wife, Debbie are in attendance at most Championship Trials. Dale is the LST Region President and works hard in his region along with Deb's help. Congratulations to Stormy and the Heaton's.

The 3rd runner-up has made a habit of finishing in the Top 4 at the last 2 Championship Trials. Snake's King Cobra, English Pointer Male, is owned by Jim Mahoney, Ohio Region. King is a 7 ½ year old Liver and White Pointer from Black Magic's Snake and Gigolo's Southern Susie. He is a 4x NSTRA Champion with 90 lifetime points of which 37 are 1st place points. King's first placement was at a Cedar Creek trial placing 1st. His first championship came on 12/11/11. In 2013 King placed 2nd during a qualification round of the TOC; 2015 placed 3rd during the Ohio Regional Qualification round; and finished 3rd runner-up at the 2016 QI Championship in Lake Wales, Florida. Jim has been a member of NSTRA since 1988, during that time serving as Ohio Region President and National President of NSTRA. He has had several champion dogs including 8x Mahoney's Sadie Warhoop, 6x Mahoney's Right Tish, 7x Trail's End Buck, 9x Tomoka's Hot Spot, 2x Mahoney's Hot Spot, 4x Why Bob, 3x Mahoney's Magic Jack and more recently 1x Mahoney's Magic Jake. Quite an impressive record of champion dogs. Jim's wife, Pat, is always on hand to cheer Jim on and also point out his wrong turns. Congratulations to the Mahoney's and King for another productive week of NSTRA championship trialing.

Second runner-up was National Champion, Resa's Mazie. Mazie is from Resa's Trouble Mace and Bum's Crystalized Carbon. She is a 5 year-old, English Setter Female, 9xNSTRA Champion, Regional and National Champion. John Resa is the owner/handler and a Mo-Kan Region member. Mazie is from

Resa's Trouble Mace and Bum's Crystalized Carbon. She has 178 lifetime points of which 117 are first place points. Her first placement came on 9/8/12 at a mere one year-old. On March 9, 2013 Mazie became a 1x NSTRA Champion with other placements as follows: 2013 – MSM Region Champion; 2013 DOY qualification placement; 2014 – UKC National Champion, 3rd at DOY qualification; 2015 – 2 qualification rounds at 2015 UKC, qualification round at Purina Endurance Trial and 3rd runner-up in final round, qualification round at 2015 DOY; 2016 2nd in two qualification rounds of TOC and 2nd runner-up in final round. Mazie is from a fine line of English Setters in the Resa Kennel including 6x NSTRA Champion Sue Maggie Sue and 17xCH Resa's Trouble Mace. Hats off to John and Mazie for a super week – 6 points towards another championship.

The first runner-up was Quail Valley's Nose Knows, owned and handled by Adam Fellers, Mo-Kan Region. Nose is a 7 year-old German Shorthair Female from 13x NSTRA Champion Premier's Fancy Trail Blazer and Pointing Home Major League. She has 361 lifetime points of which 239 are first place points. Nose's first placement came on 3/12/11 at Elk Fork Kennels and became a champion at one-year old on 3/24/12. Other placements included a placement at the 2012 UKC qualification round, also placing 1st runner-up during the final championship run of the same trial. In 2013 Nose again placed at a qualification run during the TOC followed by a 2nd runner-up placement during the final championship run. In 2013, Adam and Nose placed during a qualification run at the UKC Championship Trial and also won the title of UKC National Champion 2 days later. At the DOY trial later that year, Nose placed 2nd during a qualification round. In 2014 Nose earned 1st runner-up during the QI Championship Finals, 3rd runner at the Mo-Kan Regional Finals, and a qualification win at the TOC trial. 2015 brought about a qualification placement at the TOC, 1st runner-up during the TOC National Championship, placement during a UKC qualification round with a 2nd runner-up placement at the UKC Championship later that week. In September, 2015 Nose placed during a qualification round of the Purina Endurance Trial and won the title of UKC National Champion two days later. Quite an impressive history of placements for this fine dog. Nose is not concerned as to where she is, laying in the house with her family, wild bird hunting, or field trialing. She is truly loved by the Fellers family.

Congratulations to Adam, Nikki, Nolan, Evan, Jameson and Nose, a special family.

**THE WINNER:** And the winner of the 2016 Trial of Champions Championship Trial was Nemaha Bright Sadie, owned by Dellyn Feighner and handled by Chad Collison – both members of the Mid-West Region. Sadie is a 6 1/2 year-old English Pointer Female from 25x NSTRA Champion Stephens Bright Copper and 1x Champion Nemaha Pepper. Her first placement came on 9/15/12 and first championship on 3/22/15. Sadie has a total of 37 lifetime points of which 15 are first place points. Sadie placed 2nd during the 2015 DOY qualification round followed up by a 2nd place at a qualification round during the 2016 TOC and finally winning the title of 2016 Trial of Champions National Champion. In researching the name "Nemaha" we find a small town in NW Iowa by said name. Nemaha is an Indian word meaning "muddy water". Nemaha is described as a "mighty" small town. And so it is with Sadie – a small dog with a mighty big heart. Handler, Chad Collison, also has other champion dogs in NSTRA – 2x CH Honky Tonk Cash; 8x CH Shawnee Hills Gypsy; 1X CH CC Southern Dancer; and 2x CH Outa Town Nook. Our best wishes to Dellyn, Chad and Sadie for a memorable week at the TOC Championship Trial.

Each of the Top Four Winners receive 445# of Purina Pro Plan pet food for the winner; 225# for 1st runner-up, and 114 1/2# for 2nd and 3rd runner-up along with the Winner's Jacket from Purina; gift certificate from Alan Davison with Dogs Unlimited; Gift Certificate and t-shirt from Dion Bliss – Red Haw Supply; the Championship belt buckle and trophy from NSTRA; Gift Certificate from Gun Dog Supply; and Shotgun Shells from Kent Cartridge. In

addition, the winner received a 550 Pro Collar from Garmin, a dog box from Owens Products, Custom Shell Belt from Dying Breeds, and the coveted Oil Painting painted by Ross Young, Springfield, MO. All participants received 8# of Pro Plan per dog donated by Purina.

Thanks to all our sponsors for making these trials possible and a success. We were glad to have Mike Witt - Purina Representative, Todd Kellam – United Kennel Club Rep, and Dion Bliss – owner of Red Haw Supply with us during the week. Thanks to the Conservation Birddog Club for the use of their grounds and the kitchen for the great meals. As we know, they are not allowed to put spaghetti in the chili (Texas rules), but it was great chili and so fitting for the cool, damp weather. Thanks to Ron Weaver for some phenomenal pictures taken during the trial and to Cookie Anderson for her help with scores. It does take the help from many people to host a championship trial. We were glad to have Tytuss, Brittany and Odie with us. What a cute little guy and good baby. Thanks to everyone who had any part in making this trial one for the books. Thanks to Scott Townsend and Jim Marks for their part in working the trial. Next trial is the United Kennel Club trial held in Waverly, NE. Hope to see you there. ■

UNLIMITED

Make your good dog better.

**AND**

are proud to announce  
the

### **Partners in the Field Program**

aimed at bringing your hard-earned  
money back into your  
National Field Trial Organization.

**Simply use the source code "NSTRA"  
when placing your order,  
we take care of the rest!**

**How it works:** for every dollar you spend at  
DOGS Unlimited, 5% of your purchase\*  
goes back to NSTRA

For example, if you decided to purchase an E-collar,  
bird bag, check cord and a custom Dura-Lon collar your  
purchase would be estimated at \$300. Five percent of  
your \$300 purchase would go back to NSTRA!  
That is \$15 and every penny counts!

### *Dear fellow members,*

For those of you that don't know who I am, I have been a member of the Conservation Bird Dog Club in Amo, IN for 16 years, and I have sat on the Board for the last 13 years. I have chaired over 50 weekend trials, judged over 150 weekend trials and 8 regional trials, and bird planted several weekend trials and 3 regional trials. I am now in my second term as IN Region President, and the reason I am telling you about myself is that I love this sport. My kids were raised going to weekend trials, and my son now competes in trials. Most who have attended National trials know of my girlfriend's son, Tyler, who can be seen running around the grounds playing with puppies and conning 4-wheeler rides out of anyone he sees. That was not the case 2 years ago, when he was a shy reserved boy; it is because of the wonderful people he has met in NSTRA that he has come out of his shell and now asks to have his birthday parties at CBDC. My kids have learned so much and made so many friends from all over the country, just from attending weekend and National trials.

I am writing this article in response to what has happened within my region in the last few months, and I am sure the same kinds of things are happening in other regions. We have some people doing and saying things that are inappropriate. What has happened to the integrity of the game? What has happened to the sportsmanship of the game? I would like for each of you reading this to really think about the answers to these questions. We spend a lot of money to play this game. Some people fish; some play golf; we compete in field trials. I enjoy running my dogs and spending time with my family and friends on the weekends. When people continually complain it causes problems. Ask yourself "Am I one of those people?" - If the answer is yes, then fix the problem. I will be honest with you, I run my mouth and joke around a lot, but I have decided that I need to work on making myself better. I think if we all put as much effort into helping our organization as we do complaining, then we would see good things happen. People make mistakes, judges make mistakes and bird planters make mistakes. We are all human, and we are not perfect. We do not have instant replay to go back and review the trials, and as cool as the idea of

*Thank you, JR Coke IN Region President*

filming a trial from a drone is, it is not something that is available today. What is available now is the choice for every member of this organization to begin working on themselves, and to begin acting as a cohesive unit with the betterment of our sport as our goal. The bottom line is we go to field trials to run our dogs, not our mouths.

I attended the Trial of Champions this year, and there was a lot of controversy surrounding the week. As most of you know, Scott had posted on the website that twelve dogs would advance from each field Wednesday and Thursday. Starting from day one of the trial, he received several complaints about only taking twelve dogs. He then made the decision to change the format to taking sixteen dogs midway through Wednesday, which of course created even more controversy. He made the change to make all of these upset people happy, and to keep more people in attendance on Friday, and yet it only made things worse. In the rule book, it says the National Officers will manage the National trials, and this is exactly what he did. Either way, if you were against or for it, what is the point in being so nasty about it? I heard that a couple of people were trying to get others to pull their dogs from the Nebraska trial. Wow, that really makes a lot of sense - to punish the whole organization by pulling dogs from Nebraska. By boycotting any National trial, we are only hurting ourselves as an organization. Please, do not forget that the revenue from these National trials is what is helping to pay for the new computer system we have all begged for.

The hatred and grudges need to stop; the petty childish games need to stop. Everyone needs to get rid of whatever chips they have on their shoulders and enjoy running their dogs. I hope everyone takes a little something from this article. Our kids are the future of our beloved game. Look around at your trials - How many kids do you see? Think less about how you were "screwed over," and more about how we can get our families involved. Let's get back to what the founding men that bought the CBDC property, and created NSTRA, wanted to achieve with this organization - A way to enjoy our dogs all year around, build better bird dogs, and just have fun! ■

# NSTRA Youth Scholarship Fund

**A. NATURE OF AWARD:** National Shoot to Retrieve is offering an one time scholarship to any son or daughter of a NSTRA member in good standing who is enrolled in their junior or senior year of high school or their freshman or sophomore year of college that meets the selection criteria. Said monetary award shall be 80% of the amount raised at the prior year's fundraising event.

**B. CRITERIA FOR SELECTION:**

- 1- Any high school junior or senior or any first or 2nd year college student who is the son/daughter of an eligible NSTRA member can apply for this scholarship. For purposes of this award, "eligible NSTRA member/parent" means any member in good standing for at least 5 consecutive years prior to the submission of this application and who has actively participated in at least 6 trials in each of those years;
- 2- Applicant must submit evidence of strong academic performance to date, supported by the submission of official documentation indicating class rank, grade point average and ACT or SAT test scores. Official documentation means this information MUST be provided in letterhead from their school and/or national testing office. In the event that this documentation is not available a clear and concise explanation as to the reason must be provided;
- 3- Applicant must be enrolled or accepted in an accredited academic college and supply appropriate documentation. A letter of admission or grade slip from the college if already enrolled, constitutes adequate documentation;
- 4- Applicant must provide 3 letters of recommendation from academic advisors or teachers. These letters must specifically address the applicant's academic

achievements and abilities;

5- Applicant must submit evidence of extra curricular activity supporting scholastic achievement, any other school involvement or community activities. Any letters of recommendation from NSTRA members would be in addition to the letters from teachers or academic advisors;

6- Applicant must submit a 3-5 page essay detailing what NSTRA means to him/her, to their family and how the "eligible parent's" participation in NSTRA has impacted on his/her life. Applicant must also explain how a college education would affect his/her future and what his/her educational goals are;

7- Essay must not include name of the applicant. A separate cover letter and application form with all pertinent information should accompany the application. Each application will be assigned an identification number and each will be read by the scholarship committee without a name attached to it;

8- It is expected that the recipient will provide NSTRA for 3 years with follow up to his/her academic achievements after receipt of the award.

**C. STIPULATIONS:** The recipient will receive a letter of Certification of Award from NSTRA. This letter should be presented, by the recipient, to the university who then may contact NSTRA to secure the monetary award.

**D. PRESENTATION OF AWARD:** The scholarship winner will be announced during the annual Dog of the Year banquet. The current NSTRA President will make said announcement. If recipient is not present, award will be forwarded.
