# News From the Officers

All,

As we go to press, some regionals have already been completed and most are in the works. Spring is here even if it doesn't feel like it in some areas yet. Along with the new growth, changes are being made all across the NSTRA world.

### JUDGING:

A committee has been formed to overhaul the current judging tests, guidelines and develop training material that will greatly enhance and simplify the seminars. This is an extreme amount of work but these committee members are committed to get this updated. Look for more information around the Trial of Champions.

### ONLINE DRAW:

Both the old and new draw systems are up and running. Currently, a trial chairman can choose whichever one they want to use. The new system is the only one that will draw open/amateur or open/novice trials. A committee has been appointed to write up the instructions for the programmers to start getting the "chip draw" into our system. This will take some time to program and test as there are many situations that can come up in the chip draw. We are listening to the suggestions from the members and are also upgrading the "1 brace rest" and "2 brace rest" formats in the new system. Look for more information around the Trial of Champions.

### ELECTIONS:

The election for 3 National Officers will be in September of this year. The office of President, 1st Vice-President and Treasurer are up for election. If you are interested, or know someone who is, please contact one of the following Nominating Committee members:

### BIDS:

Remember, bids for the UKC Performance Classic Trial are due in the office by Monday, April 20.

### TRIAL OF CHAMPIONS:

This year we had 154 entries into the Trial of Champions! This is the most entries we have had in the past few years. We are looking forward to a great trial and appreciate all the members who took the time to register their dogs with UKC.

### ANHEUSER-BUSCH SPONSORSHIP:

We want to give a big shout out to the Anheuser-Busch company for their generous sponsorship at the Quail Invitational and becoming an ongoing sponsor to NSTRA. As the largest brewer in the United States, Anheuser-Busch invests billions of dollars in programs to prevent underage and drunk driving, donations of clean drinking water to people affected by natural disasters, water conservation, and recycling just to name a few. Of special interest to NSTRA members is the \$9 million dedicated annually to various conservation projects such as wildlife habitat preservation. It is an honor to be included in their efforts and we look forward to working with them on future projects.

Sincerely, CC

# 2013-14 CHUKAR

## Season Goals for Seeing More Coveys

### Healthy Lifestyle Tips Series: Steps for Making Your Chukar Season the Best Ever!

“Great chukar hunting starts with great fitness!”

Drew Wahlin, Professional Chukar Hunter

#### *How? By creating new fitness habits!*

Maybe you plan to ring in 2012-13 Chukar Season with a new resolve to lose weight, quit smoking, exercise more, or not sweat the small stuff. And maybe these resolutions sound familiar – just like the ones you made a year ago! So how can you ensure that your determination to have a better upland bird hunting season in 2012?

By focusing on new habits that will take time, energy and commitment. A new behavior won't become automatic overnight and you have 110+ days before the opening of the upland bird season, but you may enjoy some of its benefits fairly quickly. So, keep nudging yourself in the direction you will need to eventually go---UP & FAR. And try the following seven tips to help you create a long-lasting chukar hunting fanatic's fitness pledge.

1. Dream Seeing Lots of Birds. Audacious goals are compelling. Want to climb those mountains and see all that wildlife? Lose 50 pounds or just enough to fit into clothes you once loved? With perseverance, encouragement, and support, you can do it. An ambitious aim often inspires others around you. Many will cheer you on. Some will be happy to help in practical ways such as by working out with you or taking on tasks you normally handle in order to free up your time.
2. Break big dreams into small-enough steps just like climb those steep hills. Think tiny (like Drew's head). Small steps move you forward to your ultimate goal. Look for surefire bets. Just making the small fitness commitment can build your confidence to tackle and succeed at tasks that are more difficult.
3. Understand why you shouldn't make a change. That's right. Until you grasp why you're sticking like a burr to old habits and routines, it may be hard to muster enough energy and will to take a hard left toward change.

Unhealthy behaviors like overeating, drinking and smoking have immediate, pleasurable payoffs as well as costs. So when you're considering a change, take time to think it through. You boost your chance of success when the balance of pluses and minuses tips enough to make adopting a new behavior more attractive than standing in place.

4. Commit yourself to a Great Chukar Hunting Season. Make yourself accountable through a written or verbal promise to other chukar hunters. That will encourage you to slog through tough spots.
5. Give yourself a Chukar Hunter's Medal. Don't wait to call yourself a winner until you've pounded through the last mile of your big dream training or lost every unwanted ounce. Health changes are often incremental. Encourage yourself to keep at it by pausing to acknowledge success as you tick off small and big steps en route to a goal.
6. Learn from the past. Any time you fail to make a change, consider it a step toward your goal. Why? Because each sincere attempt represents a lesson learned. When you hit a snag, take a moment to think about what did and didn't work. Maybe you took on too big a challenge? If so, scale back to a less ambitious challenge, or break the big one into tinier steps.
7. Give thanks for what you do. Forget perfection. Set your sights on having the best chukar season ever! With exercise – and so many other goals we set – you'll benefit even when doing less than you'd like to do. Any activity is always better than none and your gun dog is going to love the new you.

*Hike Far & High, shoot less!*

Make your good dog better.

## **In Memory of**

### **Arnett "Arnie" Sullivan**

Arnett "Arnie" Sullivan was a lot of things to a lot of people. He was an amazing husband, father, grandfather, friend, coach, and teacher. There are no words that can express just how much he meant to all of us. You cannot summarize who Arnie was in just a few paragraphs, he was a man who positively impacted everyone he encountered. He valued honesty, integrity, and forgiveness.

Arnie was born in Mt. Carmel Illinois on November 30, 1952. In 1972 after a year of college he enlisted into the United States Army where he discharged at the rank of Sergeant. While in the service he served with the 81st infantry, traveling to Germany for a tour and completed jump master school in 1974. While in the service he recognized his calling to further his education and go on to become a math teacher. He graduated from Central Missouri State University and dove into teaching and coaching baseball and football. Coaching was Arnie's passion, he thrived on the field and inspired thousands of young athletes. He was a stern voice and pat on the back, the perfect coach.

In 1998 he moved to Washington and continued his legacy of teaching and coaching in the Kennewick school district. In the Tri Cities he met the love of his life, Joni. Joni made his eyes light up every time she walked into the room. Arnie left behind his lovely wife (Joni), sons (Gabe and Josh), daughter (Casey), and sisters (Doretta and Audrey).

Arnie's passion outside of the school and off the field was felt with his fellow sportsmen in the Three River's Bird dog club, National Shoot to Retrieve Association (NSTRA), and among bird dog enthusiasts.

The Sullivan Family thanks everyone for their support during this very difficult time. Donations can be made to Joni Sullivan for a memorial account through Hapo Credit Union.

## **Robert L. Thompson**

**May 19, 1949 – January 14, 2015**

This season the Southern California region bid farewell to our good friend, fellow NSTRA member and past So. Cal. president, Bob Thompson.

Bob and Margaret, his wife of 46 years, are patriarchs for our region. Under Bob's leadership our region made many improvements to our trail grounds and acquired many new members.

Bob enjoyed trialing for the pleasure of seeing his and other dogs work in the field. Never one to mince words, we always knew exactly where

Bob stood on a subject; he was very intelligent and witty. His love for dogs, hunting and knowledge of training techniques made for some great conversations. We will definitely miss him.

Thank you Bob, for being our friend.

# IN THE KNOW!

## The following are questions asked of the rules' committee and their responses:

Q. Is a person allowed to carry a concealed weapon in the field in addition to their shotgun? If not, are there any extenuating circumstances where this would be allowed?

A. It is not in the rule book they can't but it also doesn't say you can't bring a Barbeque pit out in the field. "Why would you?" There is never a need for a hand gun to be in the field. No need for concealed carry. If you see a snake you have a shotgun. No legitimate reason that the shotgun could not suffice. The field marshal should handle this.

And another question:

Q. If a trial starts and the bird planter is not there and a substitute bird planter is used, does the trial have to continue with the sub or can the original bird planter take over when they get there?

A. We have seen trials start with a "substitute" and finish with the other. There is NO INTENT to cheat or deceive anyone. Ideally, there should only be one bird planter but that can't always be the case. An individual participating in the trial cannot be the sub and later run their dog on the same field. Again, the field marshal should handle this.

## RULE CHANGES:

The results of the rule changes that were published in December 2014/January 2015 magazine were as follows:

\*\*\*National Trials: 111- Yes 65- No

4.01 Safety: 125-Yes 48-No

8.05 Minimum Age: 93-Yes 81-No

We received a total of 190 ballots. All ballots were verified for current voting membership. Of those received, 10 were associate members who are not eligible to vote, 1 was an expired member, 2 had no signature and 1 had an unreadable signature and no member number to verify. That left a total of 176 ballots. Not all ballots had votes for all 3 items so that is why Safety and Minimum Age don't have a count total of 176.

Per the constitution a proposed amendment shall pass if approved by two-thirds (2/3) majority vote of the ballots cast and counted. For the national trials amendment to pass, we would have had to have received 117 yes votes of the 176 received. The amendment does not pass.

Both of the rule changes passed by a simple majority vote so please change your rule books as follows:

## Section 4 SAFETY (page 22)

4.01 All participants shall wear a hat or vest of blaze orange or safety green, where allowable by law, while in the field. This includes judges.

## Section 8 - Rules for Recognized Field Trials (page 27)

8.05 The minimum age to be in the field shall be ten years of age, and to gun for self must be 16 years of age and hold a current Hunter's Safety Course Card. The minimum age to plant birds must be 16 years of age. The minimum age to be a field marshal shall be 18 years of age.

## New Placements:

There seems to be some confusion regarding the new requirement requesting dog's registration papers. A copy of the dog's registration papers needs to be submitted only upon their first time placement. This allows the office to get the correct information into the database. This can be faxed, emailed, or mailed to the office by the owner, handler or trial chairman. We will send a letter requesting this to any first time placement if we don't receive it with the trial report. Pedigrees are not allowable as they don't have the owner's information on them. If a dog isn't in the system when you start your online draw process, then in all probability, we don't have the information or it is very recent.

# Nutritional Priming

## *Impacts Performance*

**B**y nutritionally priming a dog for performance, you can help boost his athleticism. Nutritional priming can involve both the daily food to support an active metabolism and giving pre-exercise nutrients to help reduce protein breakdown and oxidative stress. “Feeding a high-protein/high-fat performance food on a daily basis is optimal for hardworking dogs

because it metabolically primes them to use these fuels for exercise,” says Purina Research Nutritionist Brian Zanghi, PhD.

The harder sporting dogs work, the greater their fat and protein metabolism. Fat is the preferred source of energy during exercise. A high-fat diet increases the number of mitochondria in muscle cells, which promotes burning fat

for energy. Protein helps to support strong muscles and maintain the body-protein balance during hard work when exercise activates protein breakdown.

Ideally, hardworking dogs should be fed a performance food that provides from 28 to 30 percent protein and from 18 to 20 percent fat to sustain their energy demand, Zanghi says. *Purina Pro Plan SPORT Performance 30/20 Formula*, which contains a minimum of 30-percent protein and 20-percent fat, and *Purina Pro Plan SPORT Advanced 28/18 Formula*, which contains a minimum of 28-percent protein and 18-percent fat, are examples.

Zanghi advises feeding a performance food year-round. "Switching to a maintenance diet in the off-season is like metabolically detraining your dogs," he says. "Maintenance foods deliver higher levels of carbohydrates, which decrease the metabolic capacity to use fats, and ultimately result in reduced endurance. It's best to reduce the portion fed in the off-season and monitor body condition to keep a dog healthy and fit."

A tool to help minimize protein breakdown and aid in muscle conditioning is feeding a high-protein/high-fat nutritional supplement 30 minutes before training and competition, such as the *Purina Pro Plan SPORT PRiME* nutritional supplement bar (see below). "After one hour of working hard, a dog has a drop in the blood leucine level," Zanghi explains. "Leucine is a protein building block and most significantly triggers protein building. Feeding a supplement with fast proteins containing high leucine that are easily digested and absorbed is optimal for cell function and recovery."

Visit [proplan.com/dogs/platforms/sport](http://proplan.com/dogs/platforms/sport) to learn more about the *Purina Pro Plan SPORT* formulas and nutritional supplement bars for hardworking canines.

An important recovery tool is the *Purina Pro Plan SPORT ReFUEL* nutritional supplement bar, which should be fed within 30 minutes after exercise to allow the muscles to maximize nutrient uptake. Designed for short-term recovery after strenuous activity, the ReFUEL bar delivers rapidly digested carbohydrates to enable glucose to enter the bloodstream when fed within 30 minutes of the completion of exercise. This is

when muscles are maximized for sugar uptake and glycogen replenishment. Although glycogen is an important fuel for intense work, the muscle has a limited capacity to store it.

Hardworking dogs also may benefit from *Purina Veterinary Diets FortiFlora* canine probiotic supplement, which contains a special strain of probiotic, *Enterococcus faecium* SF68, which is proven to promote intestinal health and balance. Prescribed by veterinarians, *FortiFlora* may help manage the stress of travel or unfamiliar environments that can disrupt a sporting dog's digestive system. The supplement contains guaranteed amounts of live active cultures

and has been shown to be safe, stable and effective in restoring normal intestinal health and balance.

The *Purina Pro Plan SPORT* formulas and nutritional supplement bars, sold exclusively at pet specialty and farm supply stores, are specially formulated to provide optimal nutritional priming for your canine athletes. For more information, visit [proplan.com/dogs/platforms/sport](http://proplan.com/dogs/platforms/sport), or to talk with a pet nutrition consultant, call 800-PRO-PLAN (800-776-7526) from 7 a.m. to 7 p.m. CDT Monday through Friday.

## Priming for Performance

Specially formulated to nutritionally prime for performance, the *Purina Pro Plan SPORT PRiME* nutritional supplement bar is a pre-exercise protein-rich bar to be fed 30 minutes prior to activity so key protein building blocks are digested and absorbed into the blood to help keep muscles strong during exercise. "The purpose is to delay or minimize the natural muscle protein breakdown that occurs with exercise," says Purina Research Nutritionist Brian Zanghi, PhD.

The PRiME bar contains fast proteins from a combination of whey and hydrolyzed soy that are rapidly digested and easily absorbed. These protein sources contribute to enriched levels of the amino acid leucine, which is the primary amino acid to activate protein synthesis and offset the protein and

muscle fiber breakdown that occurs with exercise.

Designed to deliver concentrated calories and nutrients, the PRiME bar contains fat as the second most enriched nutrient and very few carbohydrates.

Concentrated nutrients allow for targeted portion sizes to minimize digestion activity with minimal release of insulin. Due to its high levels of protein and fat, the PRiME bar is optimal for use during training and conditioning. It helps promote muscle strength and aid in muscle conditioning.

The PRiME bar, made with real beef, is highly palatable. In the 30 minutes prior to exercise, dogs weighing up to 16 pounds should be fed one-third bar, dogs weighing up to 34 pounds should be fed two-thirds bar, and dogs weighing up to 50 pounds should be fed one bar.

Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1st – 800, 2nd - 775, 3rd – 750, etc.). In addition, 100 bonus points will be awarded to the Champion, 75 for second place, 50 for third and 25 for fourth. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1st – 600, 2nd – 575, 3rd – 550, etc.). In addition, 100 points will be awarded to the Champion, 75 for the second place dog, 50 for the third

#### 2014 Thanksgiving Classic

The 1st Annual Thanksgiving Classic took place on November 28-30, 2014 at the Conservation Bird Dog Club in Amo, IN. The weather was cool but pleasant for the 3 day triple and everyone did their part to keep the trial running on time and smoothly. We had dogs and handlers representing the Michigan, Ohio, Illinois, Northern Illinois, Kentucky and Indiana regions. Along with many out of region dogs, many out of region members also stepped up and judged. The bird planting was just as good, having an out of region planter and 2 other planters rotating fields and days, keeping the handlers guessing. Each region that was present shared at least 1 spot on the podium at the end of the day. We would like to thank Dogtra for donating a training collar for the weekend high point award this year.

The weekend highpoint award was calculated by taking the total score for best 6 runs out of a possible 9 for the entire weekend. The whole weekend was exciting and competitive with all the handlers making each point and back count. The standings changed thru out the whole weekend and came down to the final runs of the weekend to determine the winner, with the 1st and 2nd place dogs having a difference of only 2 finds. The final standings were close with a difference among the Top 5th being 3 finds and a back so, each point was important. The final standings were: 5th was Chase/Tom Rotundo NI region, 4th was Chester/Sanders/Harmon KY Region, 3rd was Tyler/Zeldenrust IN region, 2nd was Doc/Reynolds IL region.

This year's winner with a grand total of 4788 total points was Beckley's Elhew Panic Button owned and handled by Scott Beckley from the Michigan region, who was presented the Dogtra 1900NCP training collar by Dogtra Pro-Staff members Jim & Zach Norman.

I would like to thank the local boy scouts for providing a great breakfast for our trial on Saturday & Sunday. Thank you all for your hard work and helping make this a great trial, I look forward to holding this event again next year.

# 2015 ANHEUSER BUSCH NSTRA QUAIL INVITATIONAL CHAMPIONSHIP

Each February NSTRA field trialers from throughout the United States arrive in Lake Wales, Florida at the Central Florida Field Trialers grounds for a few days respite from the nasty winter weather “up north”. This means anything north of the Florida/Georgia line. This year was no different, except they found cool, rainy weather in Florida; thank goodness most came prepared and brought out the rain gear and warmer clothes that they had not intended to unpack. Most arrived before the roads became impassable, but many left expecting to find snowy conditions as they ventured home. However, despite the weather, scenting conditions remained excellent and bird work was good during the pretrial and championship event. The Florida Region hosted the pretrial showcasing 4 fields for 3 days; most ran on the field they would see during their championship run. Nick Whitston Catering from St. Cloud, Florida prepared the meals for both events, doing a great job of keeping everyone fed. On Wednesday evening prior to the first day of the Championship Trial, the George Sterner and Sam Ashmore families provided a Oyster and Shrimp pre-party at the clubhouse with other appetizers provided by members of the Florida Region. It was a gala event with karaoke music performed by the NSTRA girl’s trio along with John Davis, the NSTRA girls duet, NSTRA girl/boy duet and singles by Geoff Sterner and Jimmy Johnson. What fun was this? Danny Hampton, Illinois member, auctioned off several nice items for the Florida Region; their thanks to Danny and those who purchased the items.

On Thursday morning, National Officers met with trial personnel to explain boundaries and safety areas. A blessing was given over the trial. The flag was raised and National Anthem sang by T.J.Craven (via cd) and immediately following the handlers were called to their respective blinds for the start of the championship trial.

A field featured judges, Frank Llano (IL) and Donny Parker (AR) with Steve Jaspering (MS) as marshal. Gene Pritchett (Gator Man) (GA) would handle birds for A and B field. Frank has judged 135 trials while Donny has officiated at 349. Nancy Ashmore marshaled A field. B field judges were Ron Huels (165 trials) and Ron Becker (84 trials) (IL) with Chip Hall (FL) marshalling. Moving to the back fields, the Perdues – Stan (225) and Cory (93) (GA) judged the C field with Casey Perdue (GA) handing the bird planting and newcomer Steve Jaspering as field marshal. D field was judged by Jimmy Johnson (332) and Bodie Ray (392) (GA) with Dorothy Jaspering (MS) as marshal. Cookie Anderson (IL) was also on hand to give help wherever needed. There are no words to describe the job these people do except to say that each one makes a Chairman’s job “a walk in the park”. The quality work of the officials are what makes a championship event a success; consistency, fairness, upholding rules, all attributes of the people listed above. NSTRA salutes each one for their compassion of the sport and their dedication to the organization.

A field handlers were called to the blind at 7:20 and at the line a short time later. Results of the running are as follows with \*\*\* denoting the advancing dogs to Friday’s running.

## ONE HECK OF A PARTNER

About 2 ½ years ago I picked up a puppy that I thought had some great potential. I brought her down south to show her to my grandmother and make her an offer I hoped she wouldn't refuse. You see, my grandma Jean is a woman that was born in Kentucky and her late husband Bill Butron was an avid bird hunter. It was important to me that she stayed involved with her grandkids and their hobbies. So, in mid-November of 2012 I brought the pup "Bean" to her to present and ask if she was willing to co-own the dog with me. I was pleased to see my grandmother's face light up and that the answer was, "YES." After making the proposition to her, she walked over to her purse and pulled out a 20 dollar bill and insisted that I take the money because we were partners and she wanted to contribute.

Since that day I have kept her up to date with any and all placements. I bought her a membership to NSTRA and she looks forward to each month to look for Bean and any other Sterners to be mentioned. This year at the QI it was especially an amazing experience when she came out to visit her dog. I had a plaque made with all of Bean's existing placements and presented it to her. Again, I saw my 90 year old grandmother light up, this time with pride and excitement. To me, this meant more than any accomplishment I had achieved in NSTRA. A wonderful woman that has thought of and prayed for her grandchildren every day since our birth was acknowledged in the best way I knew how. The following days were some of the best! I had the pleasure to call Grandma Jean after every brace to let her know that her little dog had moved on all the way until the final hour of the QI. I do believe that at 90 years old my grandmother is as excited about NSTRA and her dog as much, if not more, than I am. Congrats Jean Butron on your dog, "Sterndog Norton's Salty Jeans Bean." She ran great for us partner! I love you and I am so proud that you are a part of this dog and my life. Thank you for all that you have done.

Thursday evening everyone was treated to a steak supper compliments of Anheuser Busch with Nick preparing the meal. On the menu was delicious steak, baked potatoes, vegetables, salad with desserts and drinks. Our thanks to the AB people for their sponsorship of the trial and this incredible meal. Immediately after the dinner, National President, Chad Collison, thanked everyone involved in making the trial a grand event and also introduced sponsors onboard; Eddie Dunford – Wet Mutt; Sara Chisnell – UKC; Mike Witt – Purina; Chris and Cate Sanders – Sanders Dog Supply. Chris Sellers with Southern Eagle Distributing was not on hand until Saturday, but played a huge part in providing refreshments for the Thursday evening gala.

A Calcutta was held with the NSTRA auctioneer, Mikeal Mulberry, selling the dogs. Mikeal always does a fantastic job and our special thanks goes out to him for his help. The total raised for the scholarship was \$2080.00 and everyone enjoyed the auction especially with Geoff Sterner and Bobby Clark's antics. Thanks to those who helped make this a memorable, fun time.  
Cool temperatures were once again on the agenda for Friday's running which is great for the dogs and handlers. The second round follows with judges, marshals and bird handlers all changing fields.

The draw for Saturday morning was completed and displayed soon after Friday afternoon's braces, with Saturday morning hosting 4 braces on A and 4 braces on B fields. With no festivities planned for Friday evening, everyone went their own way; many to Manny's, some to J.B.'s and others calling it an early evening, going back to their campers or motels. We would once again start at 7:30 a.m. on Saturday with the weather man calling for 40% chance of rain off and on during the day. As had been the format for the entire trial, the fields would once again be cut in half for each of the next 2 qualification runs.

The Twins (Ron and Ron) were once again called to judge the A field with Steve marshalling and Gene handling the birds. At 7:30 a.m. the first brace was called to the blind with only 4 dogs advancing from both fields.

Upon completion of the 2 braces, our final round contestants came from the 2nd brace with Radar and Chris as 3rd runner-up and Cricket with Sam as 2nd runner-up. We would wait one hour before the final championship round while lunch was served during our break. As the rain increased, we saw campers pulling out hoping beyond hope they could get out without being stuck. Everyone was able to make it to the main road with no problem and the weather reports from the northern states kept many people from staying for the final hour. Snow and freezing rain were reported from Georgia and Kentucky, which is unusual for that part of the country. In checking with people throughout the day via cell phone those that had left that morning were making the trip with no incidents.

Ron and Ron made ready for the final hour by suiting up in their rain gear as the rain continued harder with each passing moment. Geoff with Bean and Sam with Boo also made ready for the weather and were at the blind for the brace which was called to the line at 3:00 p.m. Gene deposited the 10 birds throughout A and B field and all was ready for the championship run. By the start of the brace, the rain was in full swing. Many in the clubhouse were unable to get to the viewing tower as the parking area looked like a lake and rising. The trial officials did an incredible job during the hour, from the judges scoring the work in the field, to the marshals trying to keep the brace sheets and cards dry under the tower. We can't thank them enough for continuing with their jobs during some dreadful conditions. We were unable to see most of the bird work in the field but our reports from the judges put Sam and Boo ahead most of the brace. When the brace ended, Boo was credited with 6 finds/retrieves with Beans scoring on 4 birds. Under terrible weather conditions, Boo was crowned the newest National Champion and the first Anheuser Busch Quail National Champion. As everyone tried to dry out, we made ready for the trophy presentation in the clubhouse. Thank goodness we had not carried the Top 4 awards outside for the presentation as was our intent. We crowded into the clubhouse rubbing elbows for our awards ceremony, but had no complaints; just congratulations, hugs and handshakes.

Our 5th runner-up was Ragin Cajun Zeus, owned and handled by Wayne Fishburn, Indiana Region. Zeus is a 5 ½ year old German Shorthair Male, an 11 time NSTRA Champion and 1 time Regional Champion. Wayne and Zeus were presented with a hat and mat from WetMutt and a bucket of goodies from Anheuser Busch – Southern Eagle Distributing Company. Congratulations Wayne and Zeus.

The 4th runner-up was Bran's Rowdy Boy, English Setter Male, owned and handled by Clayton Ashmore. Rowdy is a 6 ½ year old, 4x NSTRA Champion from the Florida Region. Clayton and Rowdy were also presented with the WetMutt hat and mat along with the

Eddie presented the WetMutt gifts consisting of a Gun Case and WetMutt Mat. Chris Sellers presented the Anheuser Busch-Southern Eagle Distributing gifts consisting of a backpack full of gifts from umbrellas to towels.

Our 2nd place winner was In George's Honor, Cricket, owned by Nancy Ashmore and handled by Sam Ashmore from the Florida Region. Cricket is a petite, black and white ticked English Pointer Female. She is 4 ½ years old from Ace's The Man and George's Elhew Sadie. Cricket has 55 lifetime points of which 28 are first place points. She earned her first championship on 10/5/13 and to date is a 3x NSTRA Champion. ### **HIGHLIGHTS**

On hand was Brennan Greene and his father, Bill. Brennan is a young NSTRA member and the owner of Toothpick who ran in the trial handled by Bill. Welcome to this new father-son duo. We know we'll be seeing and hearing more of these two special people.

We sincerely missed Adam Fellers, who could not attend the trial because of work. At least we didn't have to worry about him "hogging" the microphone during the Karaoke fun. When Adam's around we have to have 4 hours of Karaoke – 2 for Adam and 2 for the rest of the crowd. Just kidding, Adam, we did miss you and hope to see you soon.

Sam's delivery service kept everyone in strawberries. They were delicious; thanks a bunch Sam.

Dorothy Jaspering wasn't scheduled to work Saturday, but was out there in the 2 inches of rain anyway. Thanks Dorothy for your devotion to the game.

The John and Debra Griffiths families were on hand during the two weeks. Grandkids and kids everywhere; Couldn't get them all together at one time for a picture but it was great to see a special part of our NSTRA family.

Several donated 4-wheelers for the event – Sam Ashmore, Chad Collison and Steve Tindale. Thanks for your donation.

Two girls from the office graced us with their presence (thanks to Chad's frequent flyer miles) and many people who have never seen Julie and Emily were able to visit with them. It's always nice to put a face with a name. Also on hand was Sara Chisnell from United Kennel Club able and willing to register dogs.

Tina Sterner won the electronic collar donated by Sanders Dog Supply (Chris and Cate). Tina's name was drawn from several others who had a "not so nice" obedience score. Sometimes it's nice to have a dog that doesn't mind that well. Our thanks to the Sanders family.

We found out that Jerry Harrell had been hospitalized in the ICU unit during the pre-trial, but was finally moved to a room and feeling better. Sorry Jerry was unable to join us, but we're hopeful for a full recovery.

We also found out late Saturday afternoon after the trial, that Clayton's Whiskey Shot – 6 x NSTRA Champion and 1 x Regional Champion belonging to Sam Ashmore had been found by Nancy in the kennel Friday evening and had passed sometime Friday. Poor Nancy had to keep this from Sam all day Saturday, not wanting to put a burden on Sam during his braces. He was buried by Sam and Clayton that evening in the pet cemetery on the CFFT field trial grounds. Sorry for the Ashmore family's loss.

Thanks to the David Deaton's "Gutter Gang" for all their help in unfolding chairs and helping with the goody-bags. When they are around, the goody bags are assembled in about ½ the time. And if there is not enough help available, David rounds up more. He's quite the leader.

The Steak Dinner on Thursday evening was a great addition to the trial and our thanks to Anheuser Busch for their generous donation in providing the dinner.

We want to once again thank the CFFT BirdDog Club for all they do in making the trial a success as always. There's no way to thank individuals as we would surely leave someone out, but everyone pitches in to make the stay enjoyable for all.

And last but absolutely not least, once again thanks to those sponsors who give so generously to make our trials a special time. Our goody-bags included a trial hat and key chain from NSTRA and Anheuser Busch, gun cleaning cloth donated by Lori Scheer from Mounting Solutions Plus/Miami, Pro-Plan dog food and dog biscuits, lanyards, and hand sanitizer from Purina, gift cards from Sanders Dog Supply. Eddie Dunford was also on hand with WetMutt hats, shirts, and mats; AB shirts, hats, keychains and koozies which he handed out throughout the trial. The trial chairman received a WetMutt jacket and shirt while all other trial personnel received WetMutt shirts. We can ask for no more from these gracious sponsors. They are truly our backbone to keep our association prospering.

*Until the next time, happy trialing  
and good luck!*

A new kind of CPA firm.

## Notes to Financial Statements

June 30, 2014 and 2013

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *Description of Activities*

National Shoot-to-Retrieve Field Trial Association, Inc. (the "Organization") is an Indiana not-for-profit corporation created to aid in educating the public and to improve training, breeding and good conservation practices of field trial competitions through the use of a well-trained hunting dog.

#### *Basis of Accounting*

The accompanying financial statements were prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### *Cash*

For purposes of the statements of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2014 and 2013.

#### *Certificate of Deposit*

The Organization held a certificate of deposit earning .45% interest per annum, paid monthly, that matured in November 2013. Upon maturity, the certificate was renewed for a period of 37 months and matures in January 2017. This certificate earns .75% per annum and is paid monthly. The certificate allows for early redemption, and accordingly is treated as a current asset on the Statements of Financial Position.

#### *Inventory*

Inventory held for resale, consisting of Organizational logo apparel, is stated at the lower of cost or market, using the first-in, first-out (FIFO) basis.

#### *Property and Equipment*

Property and equipment, consisting of office equipment, furniture, and property, are recorded at cost. The Organization's capitalization policy is to capitalize asset acquisitions of \$600 and greater with a useful life of more than one year. Depreciation is computed using the straight-line method over estimated useful lives of five to forty years.

Expenditures for repairs and maintenance are charged against operations as incurred. Depreciation expense was \$3,489 and \$3,401 for the years ended June 30, 2014 and 2013, respectively.

#### *Subsequent Events*

Subsequent events have been evaluated by management through January 6, 2015, which is the date the financial statements were available to be issued.

## NATIONAL SHOOT-TO-RETRIEVE FIELD TRIAL ASSOCIATION, INC.

### Notes to Financial Statements

June 30, 2014 and 2013

#### 3. OPERATING LEASES, CONTINUED

Future minimum lease commitments are as follows for the years ending June 30:

2015	\$	2,870
2016		2,814
2017		2,645
2018		2,424
		<hr/>
	\$	10,753

#### 4. RETIREMENT PLAN

The Organization has a retirement plan covering all employees over 21 years of age with at least three years of service to the Organization. An employee can contribute up to 15% of pre-tax gross wages, subject to certain IRS limitations and the Organization will match 100% of the contributions up to 3% of the employee's total salary. For the year ended June 30, 2014, \$47 of matching contributions was made to the plan by the Organization.

#### 5. NET ASSETS

The financial statements report the changes in and total of each of the net asset classes, based upon donor restrictions, as applicable. Net assets are to be classified as unrestricted, temporarily restricted and permanently restricted.

The following classes of net assets are maintained:

##### Unrestricted Net Assets

The unrestricted net asset class includes general assets and liabilities of the Organization. The unrestricted net assets of the Organization may be used at the discretion of management to support the Organization's purposes and operations. Unrestricted net assets were \$318,007 and \$319,429 as of June 30, 2014 and 2013, respectively.

##### Temporarily Restricted Net Assets

The temporarily restricted net asset class includes assets related to donor imposed restrictions that have not been met as to a specified purpose or to later periods of time or after specified dates. Temporarily restricted net assets were \$9,394 and \$9,161 as of June 30, 2014 and 2013, respectively. These funds are restricted for use in relation to youth scholarships.

##### Permanently Restricted Net Assets

The permanently restricted net asset class includes assets for which the donor has stipulated that the contribution be maintained in perpetuity. Donor imposed restrictions limiting the use of the assets or its economic benefit neither expire with the passage of time nor can be removed by satisfying a specific purpose. The Organization had no permanently restricted net assets at June 30, 2014.

#### 6. RECLASSIFICATION

Certain items in the 2013 financial statements have been retroactively reclassified to conform to the 2014 presentation. Total net assets and change in net assets were unchanged by these reclassifications.

## When are you too old?

*By Jim Kell AR-LA region*

The bird field had gotten 5 acres larger, the sun was fighting to keep from being covered by a cloud and each of my legs weighed 5 pounds more than when I started.

I find that more trials end this way more often than they used to. When all this comes falling on me like a pallet of dog food, is when the time that age enters my psyche. It's a battle that all of us face or will face and it's never a fair fight.

It begins in a slow crawling reality. Hair begins to grow in places it shouldn't and doesn't in places where it should. The bonfire in my belly begins to simmer like a watered down campfire. It's harder to push myself out the door to work dogs when I used to go like a sprinter leaving the starting line.

What does bother me, are the articles that appear in outdoor magazines that have the writer saying he is approaching 60 and this will be his last pup. I have 4 broke dogs (well almost) in my kennel and am thinking about getting a pup. We are members of one of the few athletic organizations that has no age limits.

It is still fun to watch trained dogs point and retrieve birds. I don't kill as many birds (never did kill as many as I wanted.) What I have found as age moves faster than a departing quail, is how much I enjoy my dogs. I overlook faults, mine and theirs, cherish the time spent with them and pet them more often. Our dogs don't notice the wrinkles, grey hair, less laughter, bad moods, and slower movements. They are overjoyed to see you as fewer and fewer others are.

Don't give up until you absolutely have to! Don't let a number be the deciding factor or a goal. Don't let an outdoor writer make your decision. Let God tell you. By the way, I'll be 86 in two months and have 9 heart stents. When will it be time for me to quit? I'll get back to you on that! ■

# Ask Boomer!

*Boomer, a German Wirehair Pointer, lives on a farm in Central Illinois! Today's question is on:*

*Dear Boomer,*

My son and daughter have taken Hunter Safety for the State of Illinois. I plan to take Sean and April deer and turkey hunting. My son is twelve and big for his age. My daughter is thirteen and is about equal to my son in size. I mention my son and daughter's sizes because I want to know what shotgun to buy for them. I would like to introduce Sean and April to squirrel, pheasant, rabbit, quail, and dove hunting too. Also, my duck hunting friends have offered to take us duck hunting. I can only afford one shotgun this season. It can cost between \$300 and \$500 dollars.

Can you suggest to me what shotgun I should buy for my son and daughter?

Sincerely,  
Noah Tall

*Dear Noah,*

The subject of shotguns is not as interesting to me as the quality of dog food or the relative merits of road kill. I could write a book about road killed mammals alone. Road killed reptiles would require another whole book. A dog's advice is to smell your firearm thoroughly, roll on it, chew it, and bury it somewhere (all with the muzzle pointed in a safe direction.)

To help you with a human's advice, I consulted with my "helping human." My human, Glenn Savage, gave me these points to share with you.

The most important thing you can do is to find someone(s) who have a variety of shotguns that your son and daughter can handle and shoot. Most sportswomen and men have a collection of guns they have acquired over the years. Usually they are pleased to have an audience and are glad to let someone shoot their firearms. A local firearms dealer or the chairperson for a conservation group's youth can refer you to a person who can help you choose your progeny's firearm.

When you test shoot a firearm with your son and daughter there are a few things to remember. Follow all the safety rules and remember to keep the muzzle of the shotgun pointed in a safe direction all the time. Only use factory ammunition. Use ammunition with the smallest amount of shot and powder that you can find. Always use hearing and eye protection.

Either coach your son and daughter, bring a coach with you or take them to a shooting preserve and ask the owner to help coach while they shoot. Don't waste an opportunity to teach good form and practice safety while you are trying out firearms.

After you've found some firearms to test and a coach or two, here are some factors to consider when choosing a first shotgun.

- Recoil
- Length of pull
- Weight
- Length
- Action
- Gauge
- Length of shot shell
- Finish
- Pre-owned versus New

When the Pilgrims stepped off the Mayflower, they did not have any choice of shotguns. They had flintlock blunderbusses and black powder to hunt deer, turkey and for self defense. The Pilgrims made their flintlocks versatile by varying their choice of shot size from lead bird shot up to single round balls for big game and by varying the amount of black powder according to need.

You should "think like a Pilgrim" and choose a shotgun that is neither too heavy, too light not too short or too long, which will fire a variety of length of shot shell. Vary the shot shells you use from light loads to heavy loads as conditions demand different performances from your shotgun.

Glenn does not recommend single shot shotguns for beginners because they are usually too light and recoil sharply. To paraphrase an unknown psychologist, "ninety nine percent of shooters are sensitive to recoil. The other one percent are liars."

A mid-weight shotgun of seven to eight pounds with a twenty-two to twenty-six inch barrel in twelve or twenty gauge in break, semi automatic, or pump should fit the bill.

Either new or used shotguns can fit the above criteria. Since the firearm is to be used for hunting of all kinds then either a matte or camouflage finish should be chosen over shiny wood and reflective metal. If you choose a shiny shotgun, you can wrap it with camouflage tape or apply a temporary dull finish.

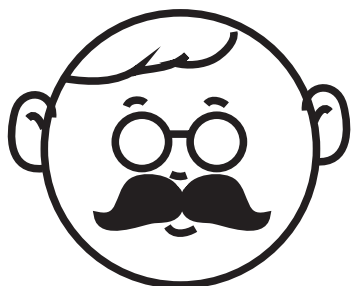

Length of pull, the distance between the trigger and the butt of the shotgun, is often omitted from a discussion of first shotguns. However, the wrong length of pull can magnify recoil and interfere with accuracy. Be sure to test fire some shotguns with a shorter length of pull to see if they fit your children correctly.

Glenn told me that there is disturbing trend of younger and smaller children being introduced to lighter, shorter length of pull shotguns so they can go deer or turkey hunting at younger ages. **Resist temptation to push your child to fire a shotgun that will punish with noise and recoil.** Always let your child choose how many rounds they will shoot and let them stop shooting any time.

*Sincerely, Boomer*

# NSTRA Youth Scholarship Fund

**A. NATURE OF AWARD:** National Shoot to Retrieve is offering a one time scholarship to any son or daughter of a NSTRA member in good standing who is enrolled in their junior or senior year of high school or their freshman or sophomore year of college that meets the selection criteria. Said monetary award shall be 80% of the amount raised at the prior year's fundraising event.

**B. CRITERIA FOR SELECTION:**

- 1- Any high school junior or senior or any first or 2nd year college student who is the son/daughter of an eligible NSTRA member can apply for this scholarship. For purposes of this award, "eligible NSTRA member/parent" means any member in good standing for at least 5 consecutive years prior to the submission of this application and who has actively participated in at least 6 trials in each of those years;
- 2- Applicant must submit evidence of strong academic performance to date, supported by the submission of official documentation indicating class rank, grade point average and ACT or SAT test scores. Official documentation means this information **MUST** be provided in letterhead from their school and/or national testing office. In the event that this documentation is not available a clear and concise explanation as to the reason must be provided;
- 3- Applicant must be enrolled or accepted in an accredited academic college and supply appropriate documentation. A letter of admission or grade slip from the college if already enrolled, constitutes adequate documentation;
- 4- Applicant must provide 3 letters of recommendation from academic advisors or teachers. These letters must specifically address the applicant's academic achievements and abilities;

5- Applicant must submit evidence of extra curricular activity supporting scholastic achievement, any other school involvement or community activities. Any letters of recommendation from NSTRA members would be in addition to the letters from teachers or academic advisors;

6- Applicant must submit a 3-5 page essay detailing what NSTRA means to him/her, to their family and how the "eligible parent's" participation in NSTRA has impacted on his/her life. Applicant must also explain how a college education would affect his/her future and what his/her educational goals are;

7- Essay must not include name of the applicant. A separate cover letter and application form with all pertinent information should accompany the application. Each application will be assigned an identification number and each will be read by the scholarship committee without a name attached to it;

8- It is expected that the recipient will provide NSTRA for 3 years with follow up to his/her academic achievements after receipt of the award.

**C. STIPULATIONS:** The recipient will receive a letter of Certification of Award from NSTRA. This letter should be presented, by the recipient, to the university who then may contact NSTRA to secure the monetary award.

**D. PRESENTATION OF AWARD:** The scholarship winner will be announced during the annual Dog of the Year banquet. The current NSTRA President will make said announcement. If recipient is not present, award will be forwarded.
