# News From the Officers

I would like to take a moment and thank John Holder for his service as a national officer. John chose not to run again for 2nd vice president and he will truly be missed.....many thanks John! We all look forward to moving on and working with Adam Fellers over the next term. Adam brings a lot of youth and energy, so plan on good things to continue.

We would also like to give a huge thanks and congratulations to Bev McAdams. Bev has chosen to retire and spend time with her husband and her dogs. We aren't really sure in which order she has put them in, but I have a feeling her dogs will get the most attention! Bev has been with the NSTRA office through its best and worst times and has been crucial in its survival. We all owe her a huge thanks and wish her nothing but the best. Thanks Bev!

Taking over for Bev is Emily Perkins. Emily comes to us with a wealth of management experience, she is full of energy, has great ideas, and is familiar with NSTRA. We look forward to exciting things out of Emily as we proceed forward. Please take the time to give her a warm hello.

We had 242 entries for this year's Dog of the Year national trial. This is exceptionally exciting for a time where some of our other national trials have struggled to fill. I sure hope this is a sign of good things to come as we move forward. What's more exciting is that nearly 12% of those entered had run in their regional from placements in the amateur format. This is a huge statistic; one that shows positive things coming from that particular format. For those regions struggling with membership, the regions that are having success and growth are using the amateur formats in their spring and fall trial seasons. Please consider finding a way to integrate this format into your current trials....IT IS working! I sure hope all of the new faces had a great time. John Davis and the crew at Amo put on a really good show. It was a pleasure seeing new, young members running in their first national trial.

One last thing in closing, please take a moment to look over your magazine and vote on the rule changes. Without our membership's involvement, we cannot survive as an entity. Out of nearly 2200 active members, we had only 400 vote on this past election. We must make the time to get involved in order to make a difference. It only takes a few minutes and is very important to our organization. Please make the extra time and effort.

As the trial season comes to a close for wild bird season, please be safe and we look forward to seeing everybody in the spring.

Sincerely,  
CC

Dear Boomer,

## Colinus Virginianis Interview

In the Fall of 2007, Boomer, the bird dog and his human, Glenn, took a break from hunting to interview a Quail. Glenn and Boomer, avid hunters, wanted to know from a Quail's point of view what it takes to make good habitat for Quail.

**Author:** Hi, Mr. Quail, do you mind if I ask you a few questions?

**Quail:** What are you going to do if I say no, shoot me?

**Author:** No, of course not, one of the rules of journalism is "never shoot the interviewee."

**Boomer:** Would you mind if I just picked you up gently and carried you around?

**Quail:** Over my dead body, drooly whisker face!

**Author:** Please you two, knock it off. Mr. Quail, may I call you "Bob?"

**Quail:** My name is not "Bob White", it is *Colinus virginianus*. "Bob White" is the human way of describing one of the calls I make. You may call me "Colinus."

**Author:** Ok, *Colinus*, could you tell me what I can do to make my fields more friendly to you and your covey?

**Quail:** Plant Native warm season grasses like Indian Grass and Little Bluestem and then "Burn baby, burn" to use a phrase from the sixties. Burning in the late winter is best because it removes litter from the ground which interferes with chick's free movement and it helps wild

flowers germinate. You could also scatter on wildflower seeds early in the winter and let the freeze:thaw cycle plant them.

**Author:** Why are wildflowers so important?

**Quail:** Because the wildflowers all develop and flower on different schedules and the insects that call them home (and cafeteria) all follow those schedules. When my chicks hatch, they and their care giver need all the high energy, high protein that those insects and insect larvae provide.

**Author:** What else can I do?

**Quail:** You can feather the edges of your woods and create some "Covey Headquarters" for me.

**Author:** What do you mean, "feather?"

**Quail:** Who is the bird brain here? By "feather", I mean cut some of the bordering trees so that the edge where the woods and the field come together is not so sudden. The first twenty:five feet would be only 25% trees. The next twenty:five would be 50% trees and so on. By the way, it is getting late and I have to fly, buh bye, buh bye. That is another sound we make by the way. We call it the Southwestern farewell call.

## NSTRA Remembers Bob Mosier

*Written by Brian Rebello*

Bob Mosier started his life on a cattle ranch in Wyoming; this is where Bob's love grew for horses, rodeo and hunting. Bob attended college in his home state and received an electrical engineering degree. Around that same time Bob was fortunate enough to serve our country as a military advisor in Vietnam. Bob and his wife loved trialing and relaxing in the mountains of Northern Arizona and spent many weekends together in the cool pines. Bob was a man with a wonderful sense of humor and was always quick to respond to a friend's sarcasm. He was a bird dog lover and owned at one time all of the pointing breeds, however his last English Setter that he campaigned was "Tye" a beautiful tri color male. Tye was the apple of his wife eyes Wilma and his registered name said it all "Wilma's Tyrone Prince". Bob and I became great friends thru the years while quail hunting all over Arizona and thru our years of trialing. Bob is sorely missed in our region and especially as a friend. Rest in Peace Bob. ■

## THE KNOW!

News that we feel is  
important to everyone.

### RULE CHANGE:

The NSTRA Board of Directors voted for the following change to the References section 11, Special Requirements Dog of the Year Trial and Regional Eliminations:

11.09 currently reads:

An owner shall be allowed to enter his dog (or dogs) in his home region or regions in which his dog (or dogs) qualified for elimination trials, but not in both regions. Dogs that qualify in home region must enter in home region. Dogs that hold Championship status must run in home region. A dog may enter only one region elimination trial per year January 1st to December 31st.

The change will read (changes in bold):

An owner shall be allowed to enter his/her dog (or dogs) in his/**her** home region or regions in which his/**her** dog (or dogs) qualified for elimination trials, but not in both regions. **To qualify for regional elimination trial, a dog must receive a placement in a sanctioned trial; the current regional champion is also automatically qualified.** Dogs that qualify in home region must enter in home region. Dogs that hold Championship status must run in **their** home region. A dog may enter only one region elimination trial per year January 1st to December 31st.

### Renew Your Membership Online:

You can now renew your memberships (or start a new one) online on our website. Just click the “Join Today” button in the upper right hand corner and follow the steps. This is much quicker than calling the office and you can renew at any time of the day.

### Rule Change:

The following rule change was voted on by the membership and approved. Changes to current rule are in bold. Please make note of this in your current rule books.

**3.01 A back is defined as when the dog “sees” the other dog pointing, he stops and remains stationary until released by the judge and/or handler or if the pointing dog breaks into a hunting mode. 7/13** Back must be called by handler before judge can score a creditable back.

\* In the event a handler is unable to see a dog backing, the judge will begin judging the back and advise the handler that his dog is backing.

The judge may hold the backing dog at his discretion. **If the judge believes that the second dog did see the pointing dog and did not stop until after he smelled the bird, then a zero back score is awarded. 7/13**

*Interpretation: Same as find: if the judge is aware the dog is backing, do not disallow the back if handler fails to call back. 4/93*

### TOP PERFORMANCE:

The NSTRA Board of Directors voted to change the criteria of the Top Performance Award starting June 1, 2013. After much discussion and many suggestions, a revision was sent to the board to amend the original criteria. The following is the final criteria as approved by the NSTRA Board of Directors effective retroactively to June 1, 2013.

### Champions Certificates:

We have had many questions about the 1XCH certificates. Due to a problem in our database, the certificates have not been printing correctly. We are currently working on a complete overhaul to the database and as soon as it is fixed, we will be sending out the certificates. Watch for a notice here regarding the mailing.

### UKC Registration:

Have you registered your dog with UKC yet? If you want your dog's championships and Regional and National Championships to appear on their pedigree you need to register now! The \$5 off coupons will expire on February 28, 2014 so get them gathered up and register soon. If you have coupons you can't use, give them to someone who can. # Dangers Afield

**T**he sound of crinkling leaves underfoot signals the start of upland bird hunting and fall field trials, a favorite time of year for many sporting dog enthusiasts. Lurking in the grouse woods or along the edges of a prairie where bobwhite quail can be found are unseen dangers to dogs.

"Subtle little things can cause disaster for dogs," says veterinarian and hunting enthusiast Joe Spoo of Sioux

Falls, S.D. "Lacerations and puncture wounds from hidden dangers such as barbed wire fences are the leading cause of injuries that we see.

A dog running through the woods or a field also is at risk for a stick, cattail, corn stalk or similar object to become impaled in his body."

There are other subtle dangers that are not easily recognized but can be potentially life-threatening. These include leptospirosis, a zoonotic

bacterial infection spread by the urine of an infected animal; ehrlichiosis, a tick-borne illness similar to Rocky Mountain spotted fever; and grass awn migration disease, also known as mean seed disease.

## Leptospirosis

Active dogs that spend time outdoors, especially in areas with high annual rainfall and warm climates, are at increased risk for leptospirosis, commonly known as lepto disease. Lepto is spread through the urine of infected animals, getting into water or soil where it can survive for weeks, even months.

The *Leptospira* spp. bacteria can cause kidney or liver failure, the eye disorder uveitis and hemorrhage of the lung. Signs include fever, lethargy and vomiting. Diagnosing leptospirosis early before a dog goes into renal failure and treating with fluids and antibiotics are key to a positive outcome. Dialysis may be necessary later, reducing the chances of a successful outcome.

Although there is a vaccine to protect dogs from leptospirosis, it is not a core vaccine and is not widely used.

*Your dog faces subtle dangers you may not see in the field, such as bacterial diseases and tick-borne illnesses.*

## Ehrlichiosis

A disease that is believed to be increasing, especially in the Southeastern United States, ehrlichiosis is a tick-borne illness caused by different species of *Ehrlichia* bacteria.

Affected dogs can develop chronic inflammatory disease, bleeding problems and kidney damage. Owners may notice their dogs having fever, lethargy, loss of appetite, weight loss, and abnormal bleeding. Antibiotic treatment can be successful, though reinfection may occur because immunity is not long-lasting.

If you find a tick on yourself, odds are there is at least one on your dog. Veterinarians suggest storing removed ticks in a plastic bag in your freezer with the date and location where you were. If signs of ehrlichiosis develop within two weeks, knowing the species of tick may help with the diagnosis.

## Mean Seed Disease

Bacteria-carrying barbed grass seeds can potentially cause a life-threatening condition in sporting dogs known as grass awn migration disease.

The disease occurs when harmful grass seeds enter through a dog's nose or mouth or snag the coat and burrow through the skin. These seeds can migrate through the soft tissues of the body, leaving infection behind. Mean seed disease is challenging to treat partly because a dog often does not show signs until the disease is advanced.

## Practicing Safety in the Field

Sporting dog enthusiasts should take steps to help ensure they have a safe hunting or field trial experience with their canine companion. Importantly, know your dog well and be able to readily recognize signs of something wrong. Here are helpful tips from Joe Spoo, D.V.M., CCRT, a resident of the American College of Veterinary Sports Medicine and Rehabilitation and a gundog enthusiast from Sioux Falls, S.D.

- A preseason wellness examination will help to establish your dog's health and physical condition.
- Take it nice and easy at the beginning of the season. Don't expect an unconditioned dog to be capable of hunting all day.
- Be aware of your dog's body temperature tolerance to avoid heat stroke.
- Feed a quality, nutritious performance dog food year-round, reducing the amount fed in the off season.
- Hydration is vitally important in the field for helping dogs cool down. You should bring your own water to help prevent intestinal upset.
- Carry a first-aid kit to treat minor injuries and be prepared to take your dog to a veterinarian for more serious injuries.

Enthusiasts can help make their fall hunting season a rewarding and enjoyable experience by being cautious of potential dangers. Taking time to check your dog for ticks and grass awn seeds for quick removal will go a long way toward this end. ■

*Being aware of potential dangers will help ensure your bird dog has a safe hunting or field trial experience.*

# NSTRA Youth Scholarship Fund

**A. NATURE OF AWARD:** National Shoot to Retrieve is offering a one time scholarship to any son or daughter of a NSTRA member in good standing who is enrolled in their junior or senior year of high school or their freshman or sophomore year of college that meets the selection criteria. Said monetary award shall be 80% of the amount raised at the prior year's fundraising event.

**B. CRITERIA FOR SELECTION:**

- 1- Any high school junior or senior or any first or 2nd year college student who is the son/daughter of an eligible NSTRA member can apply for this scholarship. For purposes of this award, "eligible NSTRA member/parent" means any member in good standing for at least 5 consecutive years prior to the submission of this application and who has actively participated in at least 6 trials in each of those years;
- 2- Applicant must submit evidence of strong academic performance to date, supported by the submission of official documentation indicating class rank, grade point average and ACT or SAT test scores. Official documentation means this information MUST be provided in letterhead from their school and/or national testing office. In the event that this documentation is not available a clear and concise explanation as to the reason must be provided;
- 3- Applicant must be enrolled or accepted in an accredited academic college and supply appropriate documentation. A letter of admission or grade slip from the college if already enrolled, constitutes adequate documentation;
- 4- Applicant must provide 3 letters of recommendation from academic advisors or teachers. These letters must specifically address the applicant's academic achievements and abilities;

5- Applicant must submit evidence of extra curricular activity supporting scholastic achievement, any other school involvement or community activities. Any letters of recommendation from NSTRA members would be in addition to the letters from teachers or academic advisors;

6- Applicant must submit a 3-5 page essay detailing what NSTRA means to him/her, to their family and how the "eligible parent's" participation in NSTRA has impacted on his/her life. Applicant must also explain how a college education would affect his/her future and what his/her educational goals are;

7- Essay must not include name of the applicant. A separate cover letter and application form with all pertinent information should accompany the application. Each application will be assigned an identification number and each will be read by the scholarship committee without a name attached to it;

8- It is expected that the recipient will provide NSTRA for 3 years with follow up to his/her academic achievements after receipt of the award.

**C. STIPULATIONS:** The recipient will receive a letter of Certification of Award from NSTRA. This letter should be presented, by the recipient, to the university who then may contact NSTRA to secure the monetary award.

**D. PRESENTATION OF AWARD:** The scholarship winner will be announced during the annual Dog of the Year banquet. The current NSTRA President will make said announcement. If recipient is not present, award will be forwarded.

## IMPORTANT THINGS TO REMEMBER!

### ENDURANCE CLASSIC:

Entry into this trial is based on all open points earned from June 1 through May 31, except points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial (qualifying rounds do count) plus any NSTRA open champion dog. Champion dogs will be accepted first in the case of a tie-breaker in regards to entries. No invitations will be sent.

### TOP PERFORMANCE:

Dogs must have at least 20 open points from June 1 through May 31 of the applicable year to be eligible. Points will be from weekend trials only. From there, the award will be based on national trials and regional eliminations. The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1st in order to keep the number of nationals the same each year. The Regional Elimination trial will be based on regularly scheduled regionals for each year and only one regional can count per year. Regionals scheduled or rescheduled to be held after June 1 will apply to the previous year. For national trials, a dog must make the Saturday cut to receive a qualifying score. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1st – 800, 2nd – 775, 3rd – 750, etc.). In addition, 100 bonus points will be awarded to the Champion, 75 for second place, 50 for third and 25 for fourth. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1st – 600, 2nd – 575, 3rd – 550, etc.). In addition, 100 points will be awarded to the Champion, 75 for the second place dog, 50 for the third and 25 for fourth. The placement for the regional eliminations and national trials is determined by the score of the last round

in which the dog ran.

### HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted November 1 through March 31 of each year. Send these to the office. Nominations of dogs to the NSTRA Hall of Fame are NOT "carried over" to following years should the dog not be elected in the year nominated. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted each year in order to be considered for election.

### TRIAL SCHEDULES:

Fall trial schedules are due in the office by May 1. Spring trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

### SCHEDULING FEES:

Trial scheduling fees are due in the NSTRA office 4 weeks prior to your trial date.

### TRIAL REPORTS:

Trial reports are due in the NSTRA office 10 days after the trial date.

### QUAIL INVITATIONAL:

This trial is always held the last week in February that includes a Saturday. The qualification period for this trial is Nov. 1 through Oct. 31. This includes all points earned during the time frame, except points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial (qualifying rounds do count). Entry into the trial is based on points (dog with most points first to get in and on down the list, etc.). NO INVITATIONS WILL BE SENT. Any dog with a placement during specified time frame will be eligible to enter. Amateur points do not qualify entry into Championship trials.

### TRIAL OF CHAMPIONS:

The criteria for entry into this trial is that the dog has earned an open championship and is at least a 1X open champion by February 1 of the current year OR the dog can be a paid standby for this trial by achieving their open championship between February 2 and March 31 of the current year. All entries for this trial must be postmarked by March 10. No invitations will be sent.

### UKC PERFORMANCE CLASSIC:

The qualification for this trial is points earned from April 1 to March 31. Weekend trials only. No points from qualification or final rounds of national championship or regional championship trials will be counted.

### DOG OF THE YEAR:

This trial will begin on Wednesday of the last full week of October. This trial is based on region elimination placement and/or high point status. All entries must be postmarked 45 days prior to the first day of the Dog of the Year trial. (NO INVITATIONS WILL BE SENT.)

### CHANGE OF HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1st and January 1st. \*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at anytime to request a change in their Home Region.

### RULE CHANGES:

Proposed new rule changes or additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

### CONSTITUTION/BY-LAW CHANGES:

### REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

### OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of the papers with the new owners' names to the office. Transfer copies will not be accepted. The date of transfer will be the date shown on the papers.

### ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be a least one regular paid membership in the household to qualify. ## Chukar Hunting Spirituality:

### *The Kingdom of Wilderness & Wildlife*

Embrace the moment, take note of life in the wilderness, engage the soul. (OK, start humming/chanting.)

Consider and incorporate the six emergent spiritual properties into your chukar hunting experience: awareness, knowingness, reverence for life, absence of malice, fearlessness and wholeness.

Clarity means being awake to yourself around the clock, in waking, sleeping and dreaming. Instead of being overshadowed by externals, your awareness is always open to itself. Clarity feels totally alert, and carefree.

Knowingness means being in touch with the level of the mind where every question is answered. It is related to genius, although knowingness isn't focused on music, mathematics, or other specific subjects. Your area of knowledge is life itself and the movement of consciousness on every level. Knowingness feels wise, confident, unshakable, and yet humble.

Reverence for life means being in touch with the life force. You feel the same power flowing through you as through every living thing; even the dust in a beam of light dances to the same rhythm. Reverence for life feels warm, connected and exhilarating.

Non-malice means being in harmony with every action. There is no opposition between what you do and what anyone else does. When you look around you see conflict in the world at large but not in your world. You emanate peace like a force field that subdues conflict in your surroundings. Non-violence feels peaceful, still and completely without resistance.

Fearlessness means total security. Fear is a jolt from the past; it reminds us of the moment when we left a place of belonging and found ourselves in a place of vulnerability.

Wholeness means including everything, leaving nothing out. At present we each experience life sliced up into bits of time, bits of experience, bits of activity. Wholeness feels solid, eternal, without beginning or end.

Hike high and far, shoot less and enjoy the time with your gun dog!

# 2013 PURINA ENDURANCE CLASSIC

The Beeline Brittany Ranch was the site for the 2013 Purina Endurance Classic. For the third year this Endurance trial has been held just north of Lewistown, Montana. Our hosts, the Big Sky Region, along with land owners Gary Ramsey and Nolan Huffman were well prepared with boundaries marked and fields groomed and ready to go when trailers started to arrive. The Championship trial began on Wednesday, September 4 and ran through Saturday, September 7. John Holder, 1st vice-president of NSTRA, was the trial chairman with Doug Cartwright from the BSR serving as co-chairman. We cannot thank these two gentlemen enough for chairing this trial, and as the chairman is working out of the region, a lot of the responsibilities rely on the co-chair. The trial started with the meeting of the trial officials at 7:00 am and the weather was looking wonderful; over cast and cool with a light mist. However, around 11:00 am the sun comes out, the wind is none existent, and the temperature is climbing. The high today is supposed to be around 96 degrees and it ended up being a hot and dry day.

The judges for A field on Wednesday were, Lonnie Jones from the Missouri Show Me region and Donny Parker from the Arkansas region with Cindy Lyon field marshaling. Cindy, along with her husband Bruce, is from the Northern California-Nevada region and we are so lucky to have had them these past few years. The judges for B field are Jim Kroeschel from the Illinois region and Mike Jepsen from the Big Sky Region with Martha Bauer field marshaling.

The bird handler for this year's Endurance trial will be Bo Marcum from the Missouri-Kansas region.

Beat your brace mate is the format for this year's trial, but without a full trial there have to be some wild card spots. On Wednesday Field A there will be 3 more winners, Field B will have 4, then on Thursday there will be 3 on A field and 3 on B field, These spots will be determined by scores. The dogs advancing to Friday are marked by asterisks.

42As the first day comes to an end, I, for one, was looking forward to the tail-gate party. As always the food was outstanding and the conversation was flowing. Brent Underdahl had his grill out and was grilling for anyone who needed it. Thanks Brent for the effort. The tailgate started around 6 and of the past years that we have been coming to this trial, was one of the best attended.. A sampling of the food consisted of walleye, halibut, salmon dip, prawns wrapped in bacon, pheasant and Martha Bauer's famous lamb, just to name a few of the dishes.

Today was another hot, dry day, so with only 13 braces we are able to get the fields cleaned and still have plenty of time to get to the barn for tonight's dinner. Thursday night's festivities begin with a great steak dinner, set up and prepared by the BSR. I can honestly say the food out here is outstanding. Tonight will also be the auction and the presentation of the last two days' trophies. As always the items to be auctioned off are great and I can't wait to bid on a couple of things. John Holder and Doug Cartwright gave out the placements from the last two days and we all finished up our dinners and drooled over which dessert to have. I think the auction will bring some good funds for the region, even though Doc Ramsey was the auctioneer, and Brent Underdahl helped. With everything said and done, the handlers were given the running order for tomorrow's trial.

Friday morning came and had the feeling that it was going to be a great day. Today judging on field A was Lonnie Jones and Donny Parker, with Cindy marshaling. On field B Jim Kroeschel and Mike Jepsen and Martha marshaling. So now all we need is Bo, If you know Bo you know that Bo plays hard and works hard, so when the time comes for that first brace to be planted, you may wonder if Bo is on the grounds, then you turn around and there he is, bird in hand and waiting for the signal to start.

By the end of today the weather had gone from sunny to rain and ended with a double rainbow, I don't think I have ever seen one of those before.

Field cleaners again descended upon the fields after the 16th brace and the remainder of the trailers and families moved to the barn for the infamous Hutterite pig roast. The drawing was held for the following day's trail, and we all enjoyed the delicious meal that was donated to us by Noland Huffman and our Purina Rep- Dean Reinke. Tonight's festivities are short in the anticipation of a long day of trialing tomorrow.

As we start the day on Saturday we all know that we have to start by 7:00am to get all the braces in before the sun goes down.

The final one-hour brace was released from the line before 6:00p.m. With Streak and Chad competing against Gypsy and Chad. It seemed that the darkness was looming and we were all anxious for the hour brace to be done before the sun set. Our newest champion, Double R Streak. Streak led the field with 5 finds 86,88,90,86,88; retrieves 88,86,86,86,85; obedience 63.5; ground coverage 86.5; and back 70; for a total of 1089 points. Gypsy had been scored on 3 finds 84,85,89; retrieves 86,86,88; obedience 65; ground coverage 87; and a back at 67, for a total points of 737. It was a great final hour to a great trial.

As everyone made their way to the barn, the top four prizes have been set up and ready for presentation. As anyone who has stayed until the bitter end, there really are not that many people left. John Holder and Doug Cartwright are going to be presenting the trophies.

First runner-up is awarded to Shawnee Hills Gypsy a 5 year old English Pointer female. Her sire is Cole's Jonathan and her dam is F A Flirt. Gypsy is a 5x champion with 93 open points, 49 of these are 1st place points. Gypsy received her first championship on October 17, 2010 at the Pana Trial grounds. Gypsy has been doing very well the last couple of years; in Oct of 2011 she got a 1st place at the 2011 DOY qualifications rounds. Then she went on to get a 2nd place at the MSM Regionals and then to win the MSM regionals the next day. Gypsy also worked her way to a 1st place at this trial on Wednesday. John Holder presented Chad with the Purina's winner jacket and 225 pounds of Purina Pro Plan dog food, the first runner-up trophy, belt buckle. Chad will also get a pair of Bird Shooter Hunting Boots from Russell Moccasin Company, a Tri-tronics certificate, \$50.00 gift certificate from Dogs Unlimited, \$50.00 from Fosters and Smith, \$50.00 from Red Haw Supply, and EMT products from Trophy Animal Health Care. Congrats to Gypsy, we look forward to seeing a lot more of her in the winning circle.

Our new championship winner is Double R Streak a 3 year old English Pointer female. Streak is owned by Kathy Ralston and handled by Chad Calicott, sired from Blaze's Black Magic and the dam is Kate's Shining Star. Streak is a 4x champion with 84 open points, 54 of these are from 1st place points. Streak got his first championship on November 4th 2012 at the Marion County BDC. This year at the Illinois Regional, Streak got a 2nd place at the qualification rounds. Then to start the way to this championship, Streak got a 1st placement on Friday. John made the Purina awards on behalf of Dean Renkie, Chad and or Kathy will receive 450 pounds of Purina Pro Plane Performance and the Purina Jacket. John also presented them with the NSTRA Winner's trophy, belt buckle, along with the Pro 500 G2 collar from Tri-

Tronics, \$100 gift certificate from Foster & Smith, \$50 from Dogs Unlimited, \$50 from Red Haw Supply, EMT products from Trophy Animal Health Care.

For this trial we have The Lost Fork Grill providing us the food, consisting of a great breakfast of eggs and grits ---with bacon --Then some burritos-sausage and fajitas. Some of the lunches we were able to taste, consisted of burgers and spiral potatoes---fiesta fajita cheese sandwich, blue jack gourmet cheese, Philly cheese steak--good food.

Everyone needs to know that we have a celebrity among our dog handlers, Gary Ramsey, aka, Doc, radio personality. It seems that Mr. Doc was interviewed by the local radio station, I personally did not hear this, but I am aware of the outcome of these interviews, one of the days- I think it was Friday, we got a visit by three ladies from town, they came out to see what all the fuss was about. Well Leroy Rathbun came to the rescue and showed them all around the grounds and informed these lovely ladies all about the bird dog world.

In the world of bird dogs, it is always sad when one of these animals, that we have all seen and loved, dies. While the trial was going on, Doug Cartwright lost his older dog Annie. He was not with her when she passed, so it is always an exceptionally hard loss.

This is the last year that John is chairing the Endurance trial. John and I have truly enjoyed coming out to Montana and getting to know all the people out here. I feel very blessed to have had the opportunity to get to know all these people and experience the natural wonder of Montana. John and I truly hope that more trialers can have a taste of the BSR and all the surrounding regions that put on this outstanding National trial. We know it takes a lot of help from a lot of people from a lot of regions, so to try and list them all would be suicide. So let's just say thanks to everyone. ■

## TREASURER'S MESSAGE

11/10/13

Following this letter are the reviewed financial statements of your Association for the year July 1, 2012-June 30, 2013. I am including a brief summary of my presentation to the Board of Directors at our annual meeting on October 23, 2013 at Amo, Indiana.

As you look at the Balance Sheet for 2013, you will see that our net income for the year was \$19,220. I have broken down the source of this income into two Profit Centers: (1) National Trials (2) National Operations; The P&L of each National Trial is included and shows that the total profit was \$24,605. Trial of Champions seems to be the trial that does not fill and we continue to search for answers as to why. I would ask that each of you with a champion dog help us again make this one of our most successful trials. We continue to be open to any feedback that you may have.

Simple math shows you that Profit Center 2 had a loss of \$5385. Revenue that is associated with National Operations is Sponsorship Money, Membership Dues, and Sanctioning

Fees. The expenses are those associated with running NSTRA. With all of this in mind you can see how important sponsorship money is to our organization and I certainly appreciate all of our sponsors.

In summary I feel that we have had a very successful year and NSTRA will be sharing some of this success with each of our Regions in the form of a rebate. In January 2014, we will be mailing each Region a check representing that Regions portion of the \$16,000 rebate. The calculations for determining each Regions share has been explained to Region presidents so if you have a question please ask your president. This is our way of giving something back to the regions for making us successful.

I sincerely thank you for allowing me to serve you as Treasurer of NSTRA and look forward to continued success in 2014.

*John C. Davis, Treasurer*

**INDEPENDENT ACCOUNTANTS' REVIEW REPORT**

To the Board of Directors of  
National Shoot-to-Retrieve Field Trial Association, Inc.:

We have reviewed the accompanying statement of financial position of National Shoot-to-Retrieve Field Trial Association, Inc. (an Indiana not-for-profit corporation) as of June 30, 2013, and the related statements of activities and changes in net assets and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Description of Activities*

National Shoot-to-Retrieve Field Trial Association, Inc. (the "Organization") is an Indiana not-for-profit corporation created to aid in educating the public and to improve training, breeding and good conservation practices of field trial competitions through the use of a well-trained hunting dog.

*Basis of Accounting*

The accompanying financial statements were prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Cash and Cash Equivalents*

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents consist of a certificate of deposit and were \$118,091 at June 30, 2013.

*Property and Equipment*

Property and equipment, consisting of office equipment, furniture, and property, are recorded at cost. The Organization's capitalization policy is to capitalize asset acquisitions of \$600 and greater with a useful life of more than one year. Depreciation is computed using the straight-line method over estimated useful lives of five to forty years.

Expenditures for repairs and maintenance are charged against operations as incurred. Depreciation expense was \$3,401 for the year ended June 30, 2013.

*Subsequent Events*

Subsequent events have been evaluated by management through August 13, 2013, which is the date the financial statements were available to be issued.

**2. INCOME TAXES**

National Shoot-To-Retrieve Field Trial Association, Inc. is an Indiana not-for-profit corporation, and its activities are exempt from federal income taxes under Internal Revenue Code Section 501(c)(7). Tax reporting includes national headquarters and unincorporated regions. The accompanying financial statements are for headquarters operations only.

Unrelated business income, of which the Organization had none for the year ended June 30, 2013, would be subject to federal and state income taxes. The Organization individually evaluates its activities to determine that they are in compliance with its exempt purpose. For those activities that the Organization determines to be unrelated business income, the Organization pays the resulting unrelated business income tax liability.

## NATIONAL SHOOT-TO-RETRIEVE FIELD TRIAL ASSOCIATION, INC.

### Notes to Financial Statements

June 30, 2013

---

#### 2. INCOME TAXES, CONTINUED

The Organization had unrelated business losses for the year ended June 30, 2013. The loss carryforward, which begins to expire in 2028, was \$14,925 at June 30, 2013. Consequently, the accompanying financial statements do not reflect any provision for income taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Organization, and has concluded that as of June 30, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. No interest or penalties were incurred as of June 30, 2013.

The Organization has filed its federal and state exempt income tax returns for periods through June 30, 2012. These returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

#### 3. OPERATING LEASES

The Organization leases office equipment under various leases which total \$415 per month expiring at various dates through 2018. Total lease expense under these agreements was \$5,071 for the year ended June 30, 2013.

The Organization entered into a lease agreement for the use of land for locally held field trials. Lease payments are \$500 per trial. Total lease expense for land use was \$1,000 for the year ended June 30, 2013.

Future minimum lease commitments are as follows for the years ending June 30:

2014	\$ 2,855
2015	2,855
2016	2,803
2017	2,645
2018	2,425
	<hr/>
	\$ 13,583

#### 4. RETIREMENT PLAN

The Organization has a retirement plan covering all employees over 21 years of age with at least three years of service to the Organization. An employee can contribute up to 15% of pre-tax gross wages, subject to certain IRS limitations and the Organization will match 100% of the contributions up to 3% of the employee's total salary. For the year ended June 30, 2013, no eligible employees participated in the plan and accordingly no contributions were made to the plan by the Organization.

**5. NET ASSETS**

The financial statements report the changes in and total of each of the net asset classes, based upon donor restrictions, as applicable. Net assets are to be classified as unrestricted, temporarily restricted and permanently restricted.

The following classes of net assets are maintained:

**Unrestricted Net Assets**

The unrestricted net asset class includes general assets and liabilities of the Organization. The unrestricted net assets of the Organization may be used at the discretion of management to support the Organization's purposes and operations. Unrestricted net assets were \$319,429 as of June 30, 2013.

**Temporarily Restricted Net Assets**

The temporarily restricted net asset class includes assets related to donor imposed restrictions that have not been met as to a specified purpose or to later periods of time or after specified dates. Temporarily restricted net assets were \$9,161 as of June 30, 2013. These funds are restricted for use in relation to youth scholarships.

**Permanently Restricted Net Assets**

The permanently restricted net asset class includes assets for which the donor has stipulated that the contribution be maintained in perpetuity. Donor imposed restrictions limiting the use of the assets or its economic benefit neither expire with the passage of time nor can be removed by satisfying a specific purpose. The Organization had no permanently restricted net assets at June 30, 2013.

**Illinois Region write up:** Of noteworthy significance is that neither of the two dogs in the championship run, Lou or Chub, had earned a placement point during the year. Lou was a participant in the regional by virtue of being a Champion. Chub is a 14 month old male pointer without any placement points whatsoever. He was a fourth place bye dog.

### **2013 Regional Elimination Trial Pond Field**

**Lawrenceburg, TN April 5 - 6, 2013**

The Mid South Region conducted it's Regional Elimination Trial at Pond Field near Lawrenceburg, TN on the 5th and 6th of April this year. We conducted the elimination trial on Friday with the second and final rounds taking place on Saturday. The region was very fortunate to have on hand a couple of excellent judge's from the Illinois region in Ron Huels and Ron Becker, they did an outstanding job of viewing the dogs and giving an honest assessment of the work. Their decisions were very well received from the members in attendance. James String a local Mid South member performed the bird handler duties and did a great job keeping the handlers guessing but above all keeping the birds in the field as the weather warmed. The region ran the elimination round on Friday with the top 12 dogs coming back for the next round on Saturday. When all the braces were complete on Friday the top three dogs of the day were; 1st Place - Tash's One Eyed Jack, handled by Chuck Tash, 2nd Place - Stone Matrix Kate, handled by Bill Moore, and 3rd Place - Southern Pride Mo Money, handled by Steve Jaspering. After the days braces we convened for our annual meeting and handed out the day's placements and a few additional awards. This year's High Point Dog was Stone Matrix Kate handled by Bill Moore, with Bill being presented with the high point jacket for this accomplishment. Rookie of the year for the 2013 season was given to Jimmy Meredith for his excellent rookie season as a handler and judge, congrats Jimmy and our region is better for you being a member of it. We then held our elections for the next years officers and also voted in was our new constitution and by-laws. As the meeting came to a close everyone was looking forward to the running on Saturday. The first round kicked off early Saturday morning to get us down to the final six dogs. Those six dogs were; Tash's One Eyed Jack, Autry's Rowdy Waco, Tricky Dick Too, Tash's Southern June, Autry's Racie Macie, and Stone Matrix Kate. Now we were set for the final three braces that would determine the final placements and the two who would be part of the final hour. When those runs were complete it was June handled by Chuck Tash as this years elimination winner with Waco handled by Angela Autry as the runner up, followed by third place finisher LJ, handled by Chuck Tash, fourth was Dick, handled by Bill Moore, fifth was Kate, handled by Bill Moore, and Macie handled by Steve Autry came in sixth. Congratulations to the handlers and dogs for making it to the final three braces and the final hour. I would like to take this opportunity to thank all the members that assisted in making this year another great trial season in the Mid South. Our members are using the old saying "Be part of the solution and not part of the problem." Again, Thank You.

# **Alabama Region Spotlight Member**

**"A field, bring 'em out! Is B field planted?"**

The Alabama region is fixing to run another field trial. "Turn em loose!" Two dogs streak off into the "just light enough to shoot" field. The driving force behind the coordination of this trial, and just about all them for that matter, is standing in the chilly early morning light, carefully watching the braces get started. Mrs. Sharry Downs has braved the cold and graciously come to the grounds to marshal another trial. She will sit down rarely during the day as she watches the fields to the best of her ability and still keeps an eye on the brace times. She will also insure that the handlers are in the blind at the proper time. She has been at this as long as I can remember the Alabama region existing.

I have in my time, participated in, and judged trials in different regions, but I have to say very few run as smoothly as ours. Mrs. Sharry, with the help of Wesley Downs (her husband) and whoever is Trial Chairman of the trial, works all day to keep thing moving smoothly and quickly. We all know how, this time of year, we're chasing daylight. Mrs. Sharry has been instrumental in insuring that 99 percent have been completed. I don't have a photograph as she modestly doesn't like pictures or credit. Speaking for all of us down here in Alabama, I'd like to say we can't thank her enough. Chilly cold or blistering hot, she's always on the job. We've had a few trials where she couldn't attend and I'll just say "It's not the same," and leave it at that.

Sharry and Wesley are the good stuff that makes up the Alabama Region. They've both been with it since its inception and worked tirelessly to help it succeed. Sharry works full-time at the High School and Wesley is in the dog training business. Yet, they still do all the trial reports and Sharry has trial records for quite a few years past. They also help in any way they can to be sure the trials take place and run smoothly and efficiently. NSTRA has been blessed with so many unselfish people like them and I feel that's what has made the organization successful. Lets hope we continue to have folks like Sharry and Wesley. Speaking from all the guys and gals in the region, we appreciate you immensely.

*Respectfully Submitted,  
Bill Minton Al. Region member*

# QUAD REGION CHALLENGE - LS, GC, WTX & OK

On the weekend of March 2 & 3, 2013 the Lone Star Region hosted the 2nd annual Quad Region Challenge at Scissortail Ranch in Corsicana, TX. The four regions participating were the Lone Star, Gulf Coast, West Texas, and Oklahoma. The four regions decided to get together and hold a challenge of the best dogs from each region competing against the other to find out which region has the best set of dogs. This year was going to be a great trial chaired by Tom Paullus. He put together two fields for the Quad to compete in and then an Open Field for any dog not competing in the Quad Challenge. To decide which dogs where to compete in the Quad, the Presidents decided to take the region's top 8 dogs based on each regions high point standings. To decide the winning region and high point dog for the Quad, we added the total points from each dogs run (4 runs each) to give an accumulative score for each region. The region with the most points at the end of the weekend would be crowned Quad Challenge Champion. The dogs representing each region are as follows:

## Lone Star

Emma / Tom Paullus  
Trek / Dale Heaton  
Toebee / Dale Heaton  
Claire / Tom Paullus  
Tori / Dustin Nelson  
Phoebe / Dustin Nelson

Bitty / Maggie Parsley  
Socks / T.C. Morrow  
Caddie / John Blankenbaker

Kloey / Kris Sparks

The judges for the Quad were Rob Martin, Martin Ueltschey, Don Strange, and Brenda Barr. The bird planter was Joshua Martin and the field marshals were Debi Heaton and Katie Selby. The Open field judges were Bill Riddle and Buzz Taylor with the field marshal being Mrs. Thompson. We started the day at 7:00 a.m. and ran through the first 8 braces before eating a catered lunch which 70 people came to eat. Throughout the day everyone was having fun visiting and watching the region's best dogs compete. At the end of the day each region knew where they stood and everyone gathered to eat a very nice steak dinner. Tom gave out awards to the dogs that placed in both Quad fields and the dogs that placed in the Open field. The winners for Saturday were as follows:

## Quad A Field

1st – Princess / Roman Carothers (OK)

Fritzie / John George  
Gracy / Willy Thornton  
Sally / Willy Thornton  
Hank / Chris Preston  
Hook / Jeremy Pence  
Lucy / Jeremy Pence  
Princess / Roman Carothers

At the start of Sunday morning Oklahoma had a narrow lead over Lone Star and West Texas, the Gulf Coast was standing in 4th. Just as Saturday began we started at 7:00 a.m. and ran through the first 8 braces and ate another catered lunch. By this time everyone was getting nervous because they needed their region's dogs to pull their weight and get some more points. Going into the last brace West Texas and Oklahoma were neck and neck. Before I tell you the outcome here were the winners from Sunday.

## Quad A Field

1st – Claire / Tom Paullus (LST)  
2nd – Lucy / Jeremy Pence (OK)
