## **News From the Officers**

By the time you receive this, we should all be looking forward to fall trialing and some cooler weather. Thanks to all our members who have continued trialing in this economy. We know that it takes an extreme commitment on your part to participate in this sport when your resources could be used in so many ways.

The UKC Performance Classic was a huge success! We had a good group of members attending this trial and everyone seemed to enjoy the camaraderie and amenities. Thanks to the Mid West Region and the Rock Creek Field Trial Association for their hard work and dedication to see that everything we needed was available!

As you all know by now, we have partnered with UKC and they have taken over the NSTRA registry. Many people have asked us the following question:

### **WHY SHOULD I REGISTER MY DOG WITH UKC?**

Aside from the money that NSTRA should save by being affiliated with UKC. Some of the benefits/advantages that NSTRA will get are:

-- For years NSTRA has had the stigma of being an organization that neither the American Kennel Club nor American Field was willing to recognize our dogs' accomplishments and titles. This is due in large from the simple fact that we, NSTRA, are not willing to let them run our organization. Simply put - no sanction money - no recognition.

-- For the first time ever, we now have a major registry that is willing to recognize our dog's titles ranging from an amateur champion and single champion, to a region and national champion, AND include them on our dog's pedigrees and registration papers, and not charge any sanction fees.

-- The opportunity exists where some of the other UKC pointing dogs, UFTA and the UKC pointing dog program, can cross over and try out NSTRA.

-- UKC may become a permanent sponsor for one of the national events. They already agreed to sponsor this year's Performance Classic trial.

-- We have the opportunity to run NSTRA advertisement ads in a half dozen other magazines that UKC puts out.

-- All living and deceased NSTRA registered dogs will be registered free of charge with their accomplishments listed on their papers.

-- All dogs registered with UKC will have a free 3 generation pedigree on the back of their registration papers.

# Commercial Pet Foods – The Bottom Line

D. P. Laflamme, DVM, PhD, Dipl ACVN  
Nestle Purina PetCare Research  
St. Louis, MO USA

**Walk down any pet food aisle in the grocery store. Walk through any pet super-center. Look around the client waiting area of your clinic. Chances are, there are many different food choices in each place. How do you make the right recommendation to match food to pet?**

Among commercial (or homemade) foods, there is no single food that is right for all dogs or all cats. There are usually several appropriate choices for each animal, but there also are several inappropriate choices, even among good quality foods. The main characteristics to consider when attempting to match food to individual animal include: quality and nutritional characteristics of the food; individual nutritional needs of the pet; and needs of the client or those derived from husbandry and care practices. This is covered in more detail under “The Perfect Diet”.

## Why Commercial pet foods?

There are thousands of commercial pet foods sold in the United States alone. However, the vast majority of pet dogs and cats consume foods made by a dozen or so manufacturers. While consumers may use commercial pet foods, in part, because of the convenience and relatively low cost, they also want good nutrition for their pets. The large pet food manufacturers spend millions of dollars conducting research to learn ever better ways to define and deliver nutritionally balanced products for pets. Millions of pounds of commercial pet foods are consumed each year by pets that live long, healthy lives. According to several surveys, the average lifespans of pet dogs and cats have grown longer over time, in association with better care and better nutrition provided by commercial pet foods.

While only minimal data to support a direct health benefit of commercial foods compared to homemade diets has been published, at least one study showed a significant beneficial effect (Rahman SA. Compendium 2000;22(Suppl 9A):97). In that one-year study of 1229 dogs, gastrointestinal, renal, dermatologic and developmental disease incidences were reduced in dogs fed the commercial pet foods compared to those fed homemade diets. In addition, among reproducing females, the percentage of puppies surviving until weaning was increased.

Despite the apparent benefits of commercial pet foods, many individuals have concerns about commercial foods. Some of these concerns lead pet owners to consider homemade diets. Veterinarians should be aware of these concerns, and be confident in their responses when the issues arise. In some cases, homemade diets are an appropriate response. For others, client education and a recommendation for an appropriate commercial food are more suitable.

## Evaluating Homemade diets

Some clients may ask about, or be feeding, homemade diets. There are a number of reasons why clients may be interested in homemade diets. Understanding their reasons should influence the recommendation you provide.

Some of these reasons include:

- Desire for greater involvement with their pet's care
- Concern about ingredient & nutritional quality in commercial foods
- Appeal of “natural” foods
- Desire to provide greater variety
- Lack of understanding about nutritional needs of pets
- Lack of understanding about pet food labels
- Cost

If the motivation for feeding homemade diets is based on a lack of understanding about commercial pet foods, many clients would be best advised by addressing their questions and helping them find a suitable commercial food. Some of these common questions are addressed below and elsewhere in these proceedings.

Preparation of homemade diets does take time and involvement. For clients sufficiently and appropriately motivated to do so, complete and balanced homemade diets can be prepared. However, many people do not consume balanced diets themselves, so cannot be expected to provide balanced diets for their pets without assistance. It is recommended that an ACVN boarded veterinary nutritionist (contact [www.AC VN.org](http://www.AC VN.org) or [www.petdiets.com](http://www.petdiets.com)) be consulted for individualized guidance in planning or reviewing homemade diets. Several “generic” recipes have been published that may be used. However, while these recipes are formulated to provide complete nutrition, based on average nutrient content and average nutritional needs, individual animals should be monitored over time to assure

apparent good nutritional health. Even if the original recipe is appropriately balanced for a pet, “recipe drift” is a concern that requires close attention.

When evaluating recipes for homemade foods, some rough guidelines to consider include:

- Does the recipe include sources for protein, carbohydrate, fat, calcium, trace nutrients and vitamins?
- Are the carbohydrate sources properly processed to assure digestibility?
- Does the feeding program provide adequate variety in ingredients used?
- Does the dog or cat consuming the food appear healthy and active, and in good body condition?

## **BARF diets**

The most popular type of homemade diet, at least based on internet traffic, is the “BARF” feeding system. BARF (Bones and Raw Food or Biologically Appropriate Raw Foods) is not a single diet, but a philosophy of feeding. Numerous recommendations exist, but no single “recipe”. According to anecdotal information presented at various websites, and in a few books, feeding BARF diets can provide balanced nutrition. However, it is not without risks. Some risks associated with BARF diets include: nutrient deficiencies & excesses; gastrointestinal damage or impaction from bones; bacterial and/or parasitic infection. This latter aspect has zoonotic implications as well. A recent study (Joffe DJ Can Vet J 2002;43:441) documented that Salmonella was isolated from the feces of 30% of pet dogs fed homemade BARF diets (vs 0% in dogs fed commercial foods), and from 80% of the BARF diet samples.

## **Myths and misperceptions regarding pet foods**

Numerous misunderstandings exist regarding commercial pet foods and pet nutrition. It is important to know as much as possible about these issues so that you can provide the best advice to your clients.

MYTH: “Dogs and cats do not require carbohydrates, so they should consume foods low in carbohydrates and grains.”

FACT: While adult, non-reproducing dogs and cats do not require a dietary source of carbohydrates, they DO require carbohydrates at a cellular level (glucose). To assure that cells have a constant supply of carbohydrate, mammals have evolved numerous mechanisms, including hormonal controls (e.g. insulin and glucagon), and synthetic and release systems (e. g., gluconeogenesis and glycolysis) to produce and control glucose. Thus, dogs and cats can survive without a dietary source of carbohydrates because they can make carbohydrate from amino acids and the glycerol backbone of triglycerides. However, if they consume adequate carbohydrates in their diet, the need to produce carbohydrate in vivo is reduced. This allows dietary proteins to be used to support protein synthesis rather than being diverted to gluconeogenesis. Normal dogs and cats are both well able to digest and utilize dietary carbohydrates from properly processed or cooked sources, such as grains.

MYTH: “Commercial pet foods lack enzymes necessary for normal digestive function”

FACT: The cooking process that pet foods undergo, whether extrusion, retorting, or baking, renders most enzymes present in food ingredients inactive. However, these enzymes are not necessary for normal digestive function. Animals make and secrete their own digestive enzymes, such as those produced by the stomach, pancreas and intestinal cells. In addition, some enzymes in natural foods can destroy nutrients or make them unavailable. For example, raw soybeans contain a trypsin inhibiting enzyme that interferes with protein digestion. Some raw fish contain thiaminase, an enzyme that destroys the B-vitamin, thiamin. These enzymes are destroyed by extrusion or heat treatment, protecting the nutritional quality of foods.

MYTH: “Meat and bone meal, poultry by-product meal and other rendered animal meals consist of indigestible or undesirable animal parts such as feathers, hooves, and fecal matter, and provide poor quality nutrition.”

FACT: According to regulatory guidelines, by-products consist of various parts of the bird or animal, but specifically exclude feathers, hair, hide, hooves, manure and stomach contents. It may include such things as heart, lungs, liver or other organs, meat trimmings and other tissues. While many organs or by-products are used in pet foods in the United States, these same tissues may be considered delicacies for human consumption in other cultures. Rendering is the process of cooking these tissues to allow the fat and other tissues to be separated from the protein. The final result is dried into a protein-rich powder, or meal. Meat meals and poultry meals can provide excellent sources of protein and essential amino acids. Rendering conditions, as well as the quality, handling and source of raw materials used, can greatly influence the quality of the protein meals produced. Therefore many pet food companies contract with specific suppliers so that consistent quality of the ingredients can be assured. By law, tissues from animals other than cattle cannot be included in beef and bone meal. Likewise, only poultry tissues are used to make poultry by-product meal. To determine if a particular product uses good quality by-product meals, veterinarians can contact the manufacturer to ask about the digestibility of protein in that product.

MYTH: “The so-called animal feeding tests conducted by pet food companies are nothing more than short term palatability tests”.

FACT: The major pet food companies do conduct palatability tests, since this is an important characteristic of pet food. Even the best nutrition would go to waste if pets would not eat the food. On the other hand, many other types of research are pursued. Pet food

companies spend millions of dollars and maintain large research facilities to allow them to learn more and more about pets' nutritional needs and ways to enhance health through nutrition. Digestion and urinary acidification trials are examples of short term tests used to evaluate various aspects of finished products. Pet foods with nutritional adequacy substantiated by animal feeding trials are required to follow a minimum protocol established by AAFCO. These may include adult maintenance tests of at least 6 months duration; reproduction trials which last throughout gestation and lactation; and growth trials, which evaluate growing puppies or kittens during 10 weeks of their most rapid growth. Longer-term studies also are conducted by some companies, and may include multi-generational reproduction studies, multi-year feeding studies, or even a life-long study.

Basic and clinical research studies are also conducted. Studies can be conducted at the molecular to the whole animal level, and may take years. Some of this research results in scientific publications or educational materials for veterinarians. Other research may never be published, yet the data often result in improvements to pet foods. Pet food manufacturers also provide funding for independent scientists to pursue research in nutrition and animal care, as well as providing educational and other support. The result is extensive knowledge about the nutritional needs of pets, and ways to deliver this nutrition in the form of nutritious, palatable, convenient and affordable pet foods.

**MYTH:** "Additives and preservatives in commercial pet foods are unnecessary and cause disease in dogs and cats."

**FACT:** The additives, such as coloring agents, and preservatives typically used in pet foods have been tested for safety and have been approved by the FDA for use in both animal and human foods. The most commonly used preservatives in dry pet foods are antioxidants. Foods without antioxidants will undergo oxidative damage and become rancid in a very short period of time. The antioxidants protect the essential fatty acids and fat soluble vitamins so that these critical nutrients will be available to the pet. Some antioxidants also can provide health benefits. The antioxidants used in pet foods, whether natural (such as mixed tocopherols/vitamin E) or synthetic (such as ethoxyquin or BHT), are approved for safety by the FDA. These same antioxidants can be used in foods for human consumption. Some additives used in pet food, such as coloring dyes or gums, do not provide a nutritional benefit for the pet, but provide physical features desired by some pet owners. Some individuals consider vitamins and minerals included in nutritionally balanced pet foods as additives, perhaps because of a lack of understanding about the ingredient names listed on the pet food label. It may be necessary to explain to clients that, for example, thiamine mononitrate, pyridoxine hydrochloride and alpha-tocopherol acetate are vitamins B1, B6 and E, respectively, while manganese sulfate and calcium iodate are sources of essential minerals, rather than being the "dangerous chemicals" they may perceive them to be. ■

# IN THE KNOW...

## Spotlight Member:

We would like to feature some of our long time NSTRA members in the magazine. We would like for you to submit nominations for this. Like the longest running member in your region? The member who was key in starting or maintaining the region throughout the years. The member who is always helping out with the trials. Tell us what makes that person special.

## Minimum Requirements for NSTRA Hall of Fame Nominations

1. A dog must be a 10 time champion and have won a regional elimination trial.
2. A dog must be at least a 5 time champion and placed in the final four during a NSTRA championship trial.

## Important!

All entries to Championship trials will only be taken by telephone, email, fax and regular mail.

## Important!

Only those persons qualified as a field marshal are to marshal trials. Also, all trials should have a qualified marshal at the field the entire length of the trial. Many trial reports are coming to the office with people listed as field marshals who in fact are only members.

## DISCIPLINARY POLICY

“Effective September 1, 2007 all decisions of the NSTRA Board of Directors which result in any form of disciplinary action affecting any NSTRA member are required to be contained in the magazine next published after the disciplinary decision is rendered by the NSTRA Board of Directors. The information so published will be the name, membership number and region of the NSTRA member affected, along with the disciplinary action so levied by the NSTRA Board of Directors, and the time period governed by the NSTRA Board of Directors decision.”

## Procedure for Change of Ownership

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of the papers with the new owners' names to the office. Transfer copies will not be accepted. The date of transfer will be the date shown on the papers.

## Hall of Fame Nomination

In an effort to recognize and honor those deceased dogs which have contributed significantly to the ideals and goals as established under the original constitution and by-laws of NSTRA, we have devised the following plan. We feel this plan will take the politics out of our hall of fame endeavor and the most worthy dogs will be inducted each year.

Each dog will be rated according to his win history. Categories will include National Championship Wins, 1st, 2nd, and 3rd Runner-up National Championship placements, Number of NSTRA championships, Top Performance award, and Regional Wins.

The period for submitting a nomination will open on November 1 of each calendar year and close on March 31 of the following year. The nominations will then be given to the Hall of Fame committee and the win history on each nomination will be thoroughly checked and scored according to the following system with the 2 inductees being announced at the Dog of the Year trial in October.

The Hall of Fame committee will score the nominated dogs in the following manner; one point will be given for each win under each of the above categories in paragraph 2. For example, if a dog has won the dog of the year trial twice, he will be given 2 points under national championship wins.

If he was also a regional winner one time he will be given one point under regional wins. Understand, the preceding two categories, plus top performance award must be first place wins. Under 1st, 2nd, and 3rd runner-up National Championship placements one point will be given for 1st 2nd or 3rd placements. If a dog is a 12 time NSTRA champion, he will be given 12 points under number of NSTRA championships. When all the dogs have been scored in this manner on the worksheet, we will come back to each category giving the highest scoring dog under each category one point, the 2nd highest scoring dog 2 points and so on. In this manner, the dog with the lowest amount of points will be the first inducted dog with the 2nd lowest scoring dog being the 2nd inducted dog.

When appropriate, due to unusual circumstances, an additional dog may be inducted into the Hall of Fame by becoming the “board of directors pick.” This may be a dog who has not won under many of the above categories, but may have made significant contributions to NSTRA by other means, i.e. having sired an unusual amount of NSTRA Champions, winning numerous Regional Championships only to mention a few areas that the board of directors might deem Hall of Fame material.

In case of a 2-way tie for first, both dogs will automatically be inducted. If there should happen to be a tie for 2nd, the dog with the most 4<sup>th</sup> place wins will be the inductee.

Nominations of dogs to the NSTRA Hall of Fame are not “carried over” to following years should the dog not be elected in the year nominated. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted each year in order to be considered for election.

## Jim Turner, SC Region

I am a new NSTRA member but I immediately recognized that Jim Turner was "special".

Jim Turner has been a member of NSTRA since 1989 and he is truly a "friend of NSTRA and the SC Region Chapter". From Nov 10, 1990 through March 25, 2012, Jim's 200 acre farm near Tokeena Crossroads, SC has held 557 NSTRA field trials on the "A" and "B" fields. Jim donates his acreage, time, funds, equipment, and facilities to royally host fellow NSTRA members.

Jim was born in Walhalla, SC on July 28, 1936. He quit school and ran away from home at age 15. He did not "run" too far as he moved in with his older brother in Clemson, about 20 miles away. He found part-time work and eventually, Bill McLellan, a friend and benefactor and then the Business Manager in the Clemson University Athletic Department, convinced Jim to go back to school. He was enrolled in West Oak High School and used Bill's car to get to classes. Jim completed high school and Bill later became the Athletic Director at Clemson.

Jim soon fell in love with a Clemson coed, Pat, and they married in 1956. They lived in a small apartment, Pat left school and worked and Jim had a job at a small Belk's Department Store in Seneca earning \$50 per week. Eventually he became friends with a nearby jewelry store owner and was soon offered a job at the jewelry store at \$55 per week. Jim started work in Oct of 1959 and in March of 1960 took over as Manager of that store when the owner opened another store in Athens, GA. For 13 years Jim managed and grew that store and eventually he purchased the store in 1972 for \$50,000. Through a hard work ethic Jim continued to thrive in his jewelry career, eventually expanding to three more stores in Anderson, Easley, and Greenville, SC. He worked long hours 6 days a week, only taking off Wednesday afternoons for a little bird hunting.

Jim joined NSTRA in 1989. Shortly thereafter he and 4 other investors purchased a 300 acre farm near Tokeena Crossroads. Jim eventually became sole owner of 200 acres of that farm and on Nov 10, 1990 hosted the first NSTRA trial at that site. That farm, exquisitely managed by Jim for field trials, now hosts most of the NSTRA field trials in the SC Region. SC Region members who have participated in NSTRA field trials throughout the USA rank

Jim's field and facilities as one of the best in the country. Terry Taylor, a long time NSTRA and SC Region member from Toccoa, GA says it best: "Jim Turner has contributed more to NSTRA and the SC Region than any other member; without Jim Turner there would be no SC Region. His fields are the best NSTRA field trial sites in all of NSTRA."

Jim has had many good dogs but his best was Tokeena Elhew Rex, a 7 time open champion English pointer with 128 points. Rex was the 2005 SC Regional Champion.

Today Jim runs Sadie, an English setter, and Gator, an English pointer.

Jim also offers up another farm property planted and managed specifically for fall dove hunts. NSTRA members and friends are also invited by Jim to share on Saturday afternoon hunts on those fields.

In fact I was invited by another friend of Jim's to join in those hunts for the past several years, not knowing that the farm was owned by no other than Jim Turner.

Jim and Pat have one son and three grandsons. Jim's son, Mark, now is the primary operator the jewelry stores but Jim still is in the Seneca store nearly every day before taking his dogs to the Tokeena farm at 4 pm.

The SC Region thanks Jim Turner for managing his farm for NSTRA field trails and allowing his NSTRA friends to share from his business success.

*The S.C. region would like to submit the attached article for consideration to be used as a "region spotlight member" article in the NSTRA magazine. I, as president, strongly endorse the article and hope it can give a little recognition to a "special" member. As the article states, Jim provides a great trial facility for our habit or obsession. Bill Johnson and I have spent many weekends at the farm and Jim always asks if there is anything we need or that he needs to do to the facilities to make them better or more comfortable for his guests. Mr. Turner has had some health problems for several years but he still has been concerned about the quality of the facilities. A BIG Thank you goes to Jim from the SC Region members and thanks to James Rudy for his work in getting the article together.*

Sincerely, Gene Frye, President  
South Carolina Region

## ARKANSAS-LOUISIANA | HALL OF FAME FOR CANINE PERFORMERS

*Jimmy Potter with My Main Jack. Jack was an 8x CH amassed 155 points and won the AR/LA Region Championship in 1987.*

The Arkansas Region Board of Directors voted to establish a AR/LA Hall of Fame for canine performers. Out of the hundreds and possibly over a thousand dogs that have so ably run in the region since its inception in 1981, 22 were selected for the prestigious award. Each owner was given a HOF Certificate, as well as the dog and owner's name was engraved on a plaque which will be displayed at the clubhouse at Monticello, Arkansas and the clubhouse at the grounds of the southerns, in Booneville, Arkansas.

50 degree temperatures kindly greeted 24 amateur dogs and their handlers as they began their NSTRA careers. On Saturday, field marshal Terry Good ensured that the first two handlers were in the blind and that all their questions were answered. Bird handler, Kyle Donovan got the day started marking the field and dispersing the birds. Judges, Danny Seliger and Melody Kaelin, handled each brace like pros and made sure that all competitors had a wonderful time.

When Saturday was over, it was a Buddy who is owned and handled by Michael Bartholomew that earned first place with 1056 points. Robert Parker and Zoey also made their mark by earning second place with 1028 points. Third place was claimed by new member Anni Shores and LC with 876 points. Fourth place was Budha who is owned and handled by Terry Courtwright. Jon Edwards and Preacher claimed fifth place while James Wiitala and Otis rounded out the top six.

Sunday morning arrived and Terry Good again ensured that the trial began on time by getting her handlers in the blind, sending out bird handler

Kristen Underdahl to disperse the birds and making sure that judges Brent Underdahl and Joel Cartwright had everything that the needed.

At the end of the day it was Preacher who is owned and handled by Jon Edwards that claimed first place with 1350 points. James Wiitala and Otis earned second place with 791 points. Third place

was claimed by Dave Girtman and Jazzy with 744 points. Fourth place was earned by Buddy owned and handled by Michael Bartholomew. In fifth place was Chelsea with her owner and handler Joe O'Neal. Steve Rider and his pointer Bell claimed sixth place.

On behalf of the Big Sky Region, I would like to thank all the Big Sky members along with Cheryl and Alan Higham that supported these events and made them a success. We would like to welcome the new members that chose to enjoy our sport and look forward to spending more time with you at future events.

Southern California region held its first trial of the 2012-2013 season on May 27th and 28th, 2012. The weather turned out to be really nice for Memorial Day, not too hot for a change. Our thanks to our Saturday judges: Riche Hight and Mike Porter on A field, and Ron Knesal and Mike Eisen on B field. Also special thanks to our bird planter, Micah Lawson. Our A field winners were: 1st place, Baylee owned and handled by Bill James; 2nd place Brutus owned and handled by Bob Worrell; and 3rd place Belle owned and handled by Glenn Marsden. Our B field winners were: Pongo owned and handled by Paul Pradere; 2nd place Cowboy owned and handled by Don Alfano; and 3rd place Smoky owned and handled by Paul Stoeffler. This was the very first time that Pongo ran a NSTRA trial. Brutus earned his first championship this weekend with this placement.

Field Trial  
Association**

## **Member Information**

Dear fellow member:

During the past few weeks the National Officers have been engaged in discussions about how to provide the membership at large with opportunities to participate in national trials as officials in the capacity of judges, field marshals and bird planters.

This discussion is always tempered by our desire to maintain the highest quality standards possible as we seek to expand the pool of eligible individuals who can offer their expertise to the organization. To this end, we have established minimum criteria that will allow individual members to submit their names for the consideration of the National Officers to serve as trial officials.

### **CRITERIA FOR JUDGES**

\_\_\_\_ Must have a judges' license for a minimum of four years and have judged at least 25 trials. Should also have judged trials outside their own region and preferably judged at the regional level;

\_\_\_\_ Show evidence that the individual stays current with the rules by having participated in local judging seminars within the last year;

\_\_\_\_ Should be available to serve as a judge when called;

\_\_\_\_ Must show evidence of involvement in their local region by participating in trials handling dogs and judging;

\_\_\_\_ Must be endorsed by the local regional board.

### **CRITERIA FOR FIELD MARSHALS**

\_\_\_\_ Must have experience by having served in a minimum of 20 local trials as a field marshal and have the required field marshal certification as stated in the Rules;

\_\_\_\_ Regional board of directors must certify that the individual has attended local seminars and is knowledgeable in the rules.

### **CRITERIA FOR BIRD PLANTERS**

\_\_\_\_ Experience planting birds in local and regional trials as certified by the Regional board of directors;

\_\_\_\_ Support their local region in other activities besides bird planting, for example: judging trials, handling dogs or chairing trials.

It is the intention of the National Officers to select trial officials from within a geographic location of the country within reasonable proximity to the trial site, and as such provide more opportunities for members to participate as national officials, while at the same time attempting reduce the costs that may be incurred by bringing in trial officials who live far away from the national trial sites.

If you are interested in being selected to serve as a national trial official, we ask that you submit to our office a letter indicating your interest and delineating you experience and qualifications. This information should be accompanied by a letter of recommendation from your regional board supporting your application. We strongly believe that NSTRA belongs to all its members, and offering this opportunity to serve in this capacity is an excellent way to have more members become true stakeholders in our organization. As always, we remain committed to serving you, and ask that you contact the national officer assigned to your region if you should have any questions about this letter or any other issue of interest to you.

Sincerely yours,  
Your National Officers

## **Rules Committee Recommendations and Interpretations**

The Rules Committee has provided us with the following recommendations and interpretations to questions which have been presented to us by the membership in order to clarify some of the rules.

### **Should a judge give a handler a dead bird to throw in order to regain control of their dog?**

#6.05 page 20

Interpretation:

It is totally inappropriate to allow this practice and this practice should be disallowed immediately. To allow this practice would not only constitute the use of a "training aid", but would also result in significant inconsistencies in the scoring of "obedience" on the scorecard; therefore, resulting in one handler having a distinct advantage over other handlers. One of the five categories in scoring during a 30 minute brace is "obedience". A handler's ability to control their dog under various situations, including getting the dog back in the field, is an integral part of the scoring process.

### **What is the procedure when a dog from one field leaves and goes into another field?**

#6.02 page 20

Application:

No judge should assist a handler in obtaining control over the "rogue" (dog in the wrong field) dog unless the rogue dog is pointing and/or has taken out a bird. Under no circumstances should a judge, from either field, chase down the rogue dog for the handler. That is the handler's responsibility and the handler's alone.

In cases where it is not practical to stop the brace, hold the dogs out of sight, remove the pointed bird and replace said bird then the common practice among regions to "mark" the bird /area for 3 minutes and continue with the brace is acceptable.

### **If a dog is entered in the regional elimination and is unable to finish a brace for any reason, can that dog go to the Dog of the Year trial?**

#11.05 page 32

Interpretation:

If a dog is unable to finish a brace of the Regional Elimination then that dog is NOT eligible to be considered for the DOY for that respective year. This is based on the DOY trial being an extension of the Regional Elimination Trial (Rule 11/13, pg. 34) The exception to this would be if the dog in question was the High Point dog of the region and the region had submitted that they were going to use the High Point system. Those dogs do not have to participate in the Regional Elimination in order to be entered into the DOY. (See guidelines for High Point System)

Any member not agreeing with the above may submit a rule change 60 days prior to the first day of the Trial of Champions or the Dog of the Year trial.

# 2012 UNITED KENNEL CLUB PERFORMANCE CLASSIC

After a beautiful Spring and mild Winter, temperatures began to change for the 2012 United Kennel Club/National Shoot to Retrieve National Championship held May 30 – June 2, 2012 at the Rock Creek Field Trial grounds in Waverly, Nebraska. One hundred twelve dogs would run in the qualification rounds on Wednesday and Thursday with brace winners advancing into Friday's second qualification round. From Friday's running we would take the top eight winners from each field to return Saturday morning for the final qualification rounds and championship run. Our judges were Keith Geary – Kentucky, Brian McConnell – Indiana, John Resa – Missouri-Show-Me and Lonnie Jones – Missouri-Show-Me. Field marshals were Teresa Geary (Kentucky) and Stacy Holder (Wisconsin) with Bo Marcum (Mo-Kan) handling birds for both fields. All of these people were seasoned officials and we knew they were plenty capable of handling their respective duties.

A pre-trial ran for 4 days before the championship with Bill Dubs as chairman of the event. Temperatures soared into the 90's during the weekend and tried to take its toll on human and dogs alike. Fortunately, the dogs were in shape and evidently so were the handlers as there were no heat related issues during the weekend and by Monday the temperatures had fallen into the high 70's which was a welcomed relief. The Rock Creek grounds were well manicured as usual and flat fields made for a great gallery experience in being able to view both fields from the deck of the clubhouse.

We saw several families working in the kitchen during the week; the Wade Henson family, Dave Lathrop and Kim, Jeff & Gretchen Jones, Aaron Hunt and several other club members kept everyone fed at breakfast and lunch. Our thanks to the Rock Creek Club for all their help during the week. Region President, Chad Collison, was on hand all week to tend to everyone's needs.

On Wednesday morning chairman, Butch Jackson, and co-chairman, Mike Rost, met with all trial officials and explained boundaries and made field assignments. The American Flag was raised during the playing of the National Anthem prior to the 7:30 start time. As we had celebrated Memorial Day on Monday, our service men and women were on the minds of everyone as our Flag was raised.

Keith Geary and Brian McConnell were assigned to judge A Field with Stacy as marshal and at 7:30 a.m. the first brace came to the line. The running follows:

Immediately following the trial, the crowd moved to the Waverly Community Club for the Wednesday night banquet. Roasted pork loin, baked potatoes, corn casserole, apple salad, and cheese cake was the menu for the evening prepared and served by David Paitz, world renown chef. It was a delicious meal, with the pork loin being tender enough to cut with plastic silverware. David is quite a cook and we appreciated this wonderful meal.

Thursday morning dawned with rain clouds threatening and by afternoon the rains came bringing cool temperature to the Waverly area. The judges and marshals switched fields while Bo handled birds in both fields. The running and winners follow:

Thursday evening was Ribeye Steak night and we enjoyed another great meal, this time served at the clubhouse. The steaks were prepared by Rob and Scott Megussen and they did a wonderful job. Each year we celebrate Jim Mahoney's birthday in Nebraska and this year cake and ice cream was served to all those present after dinner. It was an early evening as the trial would again start at 7:30 Friday morning with 14 braces on each field. The top 8 dogs would advance to Saturday's running. By Friday morning the rains had stopped, but temperatures were still in the 50's only climbing into the mid 60's during the day – perfect weather for field trialing. We were quite lucky weather-wise as temperatures continued to be cool.

Friday evening was a free evening with no activities planned; after the computer draw everyone went their separate ways, most enjoying an early dinner. At 7:30 Saturday morning the sun was shining and the crowd once again gathered at the clubhouse for the final qualification and championship braces. The judges again changed fields with Lonnie, John and Teresa responsible for A Field.

We were down to the final ½ hour brace on both fields with Chad Calicott and Joe braced against Mark Kohlberg with Susie. Jo scored on 3 finds, 3 retrieves and a back with 695 points to Sue's 2-2- and a back scoring 557 points. Jo would continue into the Championship brace.

On B Field Nose with Adam bested Deva and Mark Gillespie with Nose scoring 821 points to Deva's 389.

At this point, we knew that our two finalists would be Jo with Chad Calicott and Nose with Adam Fellers. During a well- deserved rest and while lunch was being served, Keith and Brian agreed to judge the ½ brace which would declare our 2nd and 3rd runner-up winners. At the end of this round, Susie filled the 2nd runner-up slot with 3 finds – 84, 87, 81; 3 retrieves – 84, 87, 81; 70-obedience; 85-ground coverage; 69 back; totaling 731 points. Deva had scored on 2 finds-90, 91; 2 average retrieve @ 84 points; 61-obedience; and 82-back; totaling 492 points earning the 3rd place berth.

At approximately 2 p.m. Chad and Adam came to the line of A field to begin their championship run. John and Lonnie would judge with Stacy marshaling. Bo placed the 10 birds throughout A and B fields as the fence between the two had been opened during the lunch break. It was nip and tuck throughout the entire brace and at the end, Nose and Jo had scored on 4 finds, 4 retrieves, and a back. Stacy quickly made her way to the clubhouse to tally the scores and reported that Jo had won the 2012 United Kennel Club Performance Championship with 869 points to Nose's score of 832 points. It was the closest championship run in some time and both dogs still had run in them at the end of the hour. As the crowd cheered, the handlers and dogs made their way to

the clubhouse for the Final Four Championship picture. After a short rest, the awards ceremony would begin on the deck of the clubhouse.

Third runner-up, Maces Hardtime Diva, 2 year old English Setter Female, is owned and handled by Mark Gillespie, Mo-Kan Region member. This young, stylish black and white setter is from 17 time NSTRA champion Resa's Trouble Mace and Lindsey Hardtime Starts Now. Coming into the championship trial she only had a 2nd place, earned on 2/26/12 at the Kansas BHC trial. She also had placed 4th in 2 trials in March and April followed by a 3rd place finish on 5/29/12 at the Rock Creek Memorial Day Trial. Mark was presented with 112 # of Purina Pro and the Purina Winner's Jacket from Purina Representative, Dean Reinke. United Kennel Club Representatives Todd Killam and Sarah Chisnell-Voight were also on hand for presentations. Mark also received the NSTRA Championship Belt Buckle and Trophy along with a gift certificate from Foster & Smith and Dogs Unlimited. As at each championship trial, Trophy Animal Health Care donate EMT Gel and Spray for the Top Four; Red Haw Supply provided \$50 Gift Certificates and Rooster Wear provided t-shirts for each of the Top Four along with a t-shirt for the final 16 handlers. Congratulations to Mark and Deva for a great start to a prominent championship career.

Second runner-up, Nikki Sue Nikki is a four year old English Setter Female owned and handled by Mark Kohlberg, MSM Region member. Susie is also from a distinguished family of setters with the sire being Boomer's X Rated (11 time NSTRA Champion and 4 time National Champion) and dam - Glover's Nikki (10 time NSTRA Champion, 3 time Regional Winner, and 1 time National Champion). With credentials such as this, Susie is undoubtedly headed for many wins. She has 29 lifetime points of which 16 are first place points. Susie earned her first placement on 3/21/10 and her one-time championship on 11/5/2011. On 4/3/2011 she placed 2nd during the MSM Regional Championship. Mark was presented with 112 # of Purina Pro and the Purina Winner's Jacket in addition to the NSTRA Championship Belt Buckle and Trophy presented by Sarah. He also received a gift certificate from Foster & Smith and Dogs Unlimited. Mark received EMT Gel and Spray from Trophy Animal Health Care, a \$50 Gift Certificate from Red Haw Supply and t-shirt from Rooster Wear. As always, gift certificates are provided to all 1st thru 3rd runner-up from Tri-Tronics. Our hats go off to Mark and Susie; we know this duo is a force to be reckoned with at any trial they attend.

First runner-up was Quail Valley's Nose Knows, a 3 year old German Shorthair Female, from Premier's Fancy Trail Blazer and dam - Pointing Home Major League. Blazer was the winner of the Purina Top Performance Award in 2008-2009 and 2009-2010. He also won 2nd the following year so it's clear that Nose has the parentage behind her for achieving great things. Perhaps the preceding week was proof that this young shorthair is destined for stardom. Over the Memorial Day weekend, she earned 14 points at the pre-trial, with the UKC Championship wins of 8 points, earned a championship in one short week. This is practically unheard of in the NSTRA win circle. Nose now has 63 points of

which 41 are first place points. She earned her first placement on 3/12/11 at an Elkfork Kennel Trial and won her first NSTRA Championship on 3/24/12 at the Rock Creek Field Club Trial. Her second NSTRA Championship came on 5/19/12 followed by her third Championship during the Championship Trial week. Adam was presented 225# of Purina Pro Plan and the winner's jacket by Dean along with the NSTRA Championship Belt Buckle and Trophy. The first place finisher always receives the Bird Shooter Boots from W. C. Russell Moccasin Company and Butch made the presentation. He also received a gift certificate from Foster & Smith and Dogs Unlimited. Adam received EMT Gel and Spray from Trophy Animal Health Care, a \$50 Gift Certificate from Red Haw Supply and t-shirt from Rooster Wear. Congratulations to Adam, Nose and the Fellers Family for a super week.

**THE WINNER:** Our newest NSTRA National Champion hails from the MSM Region, Blaze's Black Magic "Jo", 7 ½ year old black and white English Pointer Male, owned and handled by Chad Calicott. Jo has 347 lifetime points of which 214 are 1st place points. He is a 19 time NSTRA Champion from Black Magic Blaze and Cullifer Reno. Jo's history speaks for itself as his first placement came on 3/5/06, a first place finish at the Show Me BDC trial. In April, 2008 he placed 3rd during the MSM Regional Finals. On 5/31/08 Jo was 1st runner-up during the Grand National Championship Finals and became the MSM Regional Championship Winner on 3/28/10. On April 3, 2011 Joe won the MSM Championship Regional Finals. He was also 2nd in the Top Performance Award running in 2008-2009, 2nd during 2009-2010, and 3rd in 2010-2011. Earning one of 4 Placements during the Top Performance Award doesn't just happen. It entails lots of hard work and a phenomenal dog to achieve these awards and we see both in Jo – lots of heart and also hard work. Chad was presented the Purina Winner's Jacket and 450# of Purina Pro Plan from Dean and the Pro-500 Collar presented by Co-Chairman, Mike Rost. Kenny Fields presented Chad with the winner's jacket from his company Rooster Wear after which Todd and Sarah presented him with the NSTRA Trophy and Belt Buckle. Chad also received a 2-hole dog box from Owens Products and Chad Collison made the Cabela's presentation, a \$400 gift certificate to Cabela's donated by the Rock Creek Field Trial Club. He also received a gift certificate from Foster & Smith and Dogs Unlimited; EMT Gel and Spray from Trophy Animal Health Care; a \$50 Gift Certificate from Red Haw Supply; and t-shirt from Rooster Wear. Although we had seen Jo in the Top Four Circle before, it was a true pleasure to see he and Chad in the winner's spot. Congratulations to two great contenders.

Each entrant was presented with a beautiful Championship Trial Hat created by Dion Bliss – Red Haw Supply, the NSTRA Championship hat pin, and EMT Gel and Spray from Trophy Animal Health Care. A welcomed surprise in the Goody-Bag was a \$25 gift card to Wal-Mart donated by United Kennel Club. We are in hopes that our members will use the UKC Registry as we feel this is a valuable addition to our Association. Thanks to all our sponsors for their help in making our Championship Trials exceptional. It was a great trial and we were so glad to have Todd

and Sarah with us from UKC; also Dean from Purina and Kenny from Rooster Wear

Our thanks to all the trial personnel who did a great job, to trial chairman Butch Jackson and co-chairman Mike Rost, to the MidWest Region and President, Chad Collison and to all the Rock Creek Birddog Club members who worked endlessly to make us welcomed and comfortable. Again, thanks to the United Kennel Club for helping in the sponsorship of our Performance Trial. We sincerely appreciate your help.

**A HIGHLIGHT:** A Good Samaritan Story – Ron Huels was traveling from Illinois to the trial when he came upon a man standing under an overpass in the rain. Ron, being Ron, stopped and picked the man up and learned that his name was Adam and he was on his way from Texas to Omaha in hopes of finding employment. He had worked in Tyler, Texas as a welder, been laid off and was looking for work. In talking Ron explained to Adam where he was headed and if he wanted to tag along with, he would take him to Omaha on Saturday evening. We met Adam at the banquet and he faithfully watched the braces each day, and enjoyed watching the dogs. On Friday morning Chad Collison, learning of Adam's plight offered him a job at his business. Adam took him up on the offer and on Saturday morning Ron drove Adam 2 hours north of Lincoln to where he would start work for Chad on Monday morning at 8 o'clock. We know that Ron did not leave him penniless, but rather found a mission for him to stay in until he is on his feet and gave him a little "cash" to tide him over. Talk about "Good Samaritans". The next time you see Ron or Chad, please be sure to give them a pat on the back for being the special people and white hat guys that they are.

Also: Thanks to Shelby for all her help!

# Dates to Remember

Important NSTRA Dates  
Expiration Dates, Qualification Deadlines  
Trial Dates and more

## TOP PERFORMANCE REPORTING:

This award is presented to the dog accumulating the most points from June 1 through May 31. During this time frame all points will count except those points earned during qualifying and final rounds of National Championship and Regional Championship Trials.

## HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted November 1 through March 31 of each year. Send these to the office. Nominations of dogs to the NSTRA Hall of Fame are NOT "carried over" to following years should the dog not be elected in the year nominated. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted each year in order to be considered for election.

## QUAIL INVITATIONAL:

This trial is always held the last week in February that includes a Saturday.

The qualification period for this trial is Nov. 1 through Oct. 31. This includes all points earned during the time frame, except points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial (qualifying rounds do count). Entry into the trial is based on points (dog with most points first to get in and on down the list, etc.). **NO INVITATIONS WILL BE SENT.** Any dog with a placement during specified time frame will be eligible to enter. Amateur points do not qualify entry into Championship trials.

## TRIAL SCHEDULES:

Fall trial schedules are due in the office by May 1. Spring trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

## SCHEDULING FEES:

Trial scheduling fees are due in the NSTRA office 4 weeks prior to your trial date.

## TRIAL REPORTS:

Trial reports are due in the NSTRA office 10 days after the trial date.

## TRIAL OF CHAMPIONS:

The criteria for entry into this trial is that the dog has earned a championship and is at least a 1x champion by Feb. 1 of the current year OR the dog can be a paid standby for this trial by achieving their championship between Feb. 2 and March 31. All entries for this trial must be postmarked by March 12. (NO INVITATIONS WILL BE SENT.)

## ENDURANCE CLASSIC:

Entry into this trial is based on all points earned **within a dog's home region** from June 1 through May 31, except points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial (qualifying rounds do count). Each region is allotted a quota based on the number of trials that the region held in the same time frame. **NO INVITATIONS WILL BE SENT.**

(Change voted on by the Board of Directors, October 22, 2008)

## AMATEUR POINTS IMPORTANT NEWS:

The Amateur Points are now being posted on the Dog Records Portion of the Website. Take a look today and let the office know of any inconsistencies with any points.

## DOG OF THE YEAR:

This trial will begin on Wednesday of the last full week of October. This trial is based on region elimination placement and/or high point status. All entries must be postmarked 45 days prior to the first day of the Dog of the Year trial. (NO INVITATIONS WILL BE SENT.)

## CHANGE OF HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1st and January 1st. \*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at anytime to request a change in their Home Region.

## RULE CHANGES:

Proposed new rule changes or additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

## CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions or the Dog of the Year trial.

## REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

## OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of the papers with the new owners' names to the office. Transfer copies will not be accepted. The date of transfer will be the date shown on the papers..

# NSTRA Youth Scholarship Fund

**A. NATURE OF AWARD:** National Shoot to Retrieve is offering a one time scholarship to any son or daughter of a NSTRA member in good standing who is enrolled in their junior or senior year of high school or their freshman or sophomore year of college that meets the selection criteria. Said monetary award shall be 80% of the amount raised at the prior year's fundraising event.

**B. CRITERIA FOR SELECTION:**

- 1- Any high school junior or senior or any first or 2nd year college student who is the son/daughter of an eligible NSTRA member can apply for this scholarship. For purposes of this award, "eligible NSTRA member/parent" means any member in good standing for at least 5 consecutive years prior to the submission of this application and who has actively participated in at least 6 trials in each of those years;
- 2- Applicant must submit evidence of strong academic performance to date, supported by the submission of official documentation indicating class rank, grade point average and ACT or SAT test scores. Official documentation means this information MUST be provided in letterhead from their school and/or national testing office. In the event that this documentation is not available a clear and concise explanation as to the reason must be provided;
- 3- Applicant must be enrolled or accepted in an accredited academic college and supply appropriate documentation. A letter of admission or grade slip from the college if already enrolled, constitutes adequate documentation;
- 4- Applicant must provide 3 letters of recommendation from academic advisors or teachers. These letters must specifically address the applicant's academic achievements and abilities;

5- Applicant must submit evidence of extra curricular activity supporting scholastic achievement, any other school involvement or community activities. Any letters of recommendation from NSTRA members would be in addition to the letters from teachers or academic advisors;

6- Applicant must submit a 3-5 page essay detailing what NSTRA means to him/her, to their family and how the "eligible parent's" participation in NSTRA has impacted on his/her life. Applicant must also explain how a college education would affect his/her future and what his/her educational goals are;

7- Essay must not include name of the applicant. A separate cover letter and application form with all pertinent information should accompany the application. Each application will be assigned an identification number and each will be read by the scholarship committee without a name attached to it;

8- It is expected that the recipient will provide NSTRA for 3 years with follow up to his/her academic achievements after receipt of the award.

**C. STIPULATIONS:** The recipient will receive a letter of Certification of Award from NSTRA. This letter should be presented, by the recipient, to the university who then may contact NSTRA to secure the monetary award.

**D. PRESENTATION OF AWARD:** The scholarship winner will be announced during the annual Dog of the Year banquet. The current NSTRA President will make said announcement. If recipient is not present, award will be forwarded.

## *Grappe's Ralph*

(5/21/03 – 4/21/12)

by: Keith Hansen

Grappe's Ralph, owned by Bill Spaar, was a multi-time Champion and quite the bird finder. He qualified for the Regional Elimination Trial for the Gulf Coast Region this year. Bill's condition would not allow him to run Ralph or get him in shape, so he had not been worked all spring or summer. Bill was thrilled when I offered to run him in the Regional's. Ralph advanced on Saturday and Sunday to the final 1-hour brace. As you know, a dog must back to win and Ralph had backed the day before but was startled and broke when I yelled, "back". Ralph was scared of everything except birds and guns. During the final 1-hour brace when he catwalked up to the pointing dog and stopped, I whispered to the judge, "back" and took Ralph by the collar. Ralph won the final brace to become the 2012 Regional Champion on April 1, 2012.

It was a great honor and privilege for me to run Ralph in his last field trial and take the Regional Champion trophy home to Bill Spaar.

Ralph was bitten by a snake on April 19th. He struggled courageously and succumbed when his liver shut down at 2:00 a.m. on April 21st, one month before his 9th birthday.

Not only did Bill lose a great hunting companion, the Gulf Coast Region lost a great competitor.

Goodbye Ralph, you will be missed.
